Accelerating Infrastructure, Leveraging Intelligence.

Building speed, scale, and intelligence that tomorrow's India demands.

For years, the Adani portfolio of companies has demonstrated its ability to create critical large-scale infrastructure across energy, transport, logistics, and utilities through disciplined execution and capital allocation.

We are now entering the next phase of growth and scalability, where our accelerated pace of infrastructure expansion is not just powered by capital and construction, but also by intelligence. We are integrating

advanced analytics, automation, and digital platforms across the asset lifecycle.

This convergence transforms infrastructure into an intelligent, responsive ecosystem that enhances asset productivity, optimises costs, and enables real-time decision-making. They help compress execution timelines, make operations more predictable and reliable, and make scale more sustainable.

The Adani portfolio of companies is enabling a new paradigm of speed, intelligence, and impact, designed to maximise value creation and power India's next phase of growth.

As media consumption evolves in an AI-driven, digital-first world, our focus remains on combining strong editorial values with modern distribution capabilities. By strengthening our infrastructure and expanding our reach, we are building a future-ready network that informs with depth, engages with purpose and leads with trust.

ON AIR

Accelerating Infrastructure, Leveraging Intelligence

There was a time when the value of news lay in how quickly it travelled. Today, information moves faster than ever – often reaching audiences before conversations have even fully taken shape. In such a world, speed alone is no longer the advantage. The real value lies in the ability to transform information into understanding, into informed decisions.

The media landscape is being reshaped by artificial intelligence, discovery, instant insights and on-demand consumption. Access to information has become frictionless. Attention has become more contested.

Our response to this evolving environment has been deliberate and twofold.

We accelerated our infrastructure to make the organisation more agile and structurally prepared for the future. Newsroom modernisation, upgraded production capabilities and expanded distribution across OTT platforms, connected television and international markets are extending the reach and resilience of our network.

At the same time, we leveraged cutting-edge technology to operate more effectively in an AI-shaped ecosystem. By integrating technology, data and digital-first workflows, we are enabling our teams to respond faster, sharpen storytelling and deepen engagement across broadcast, digital and live formats.

Together, these efforts are shaping a media network designed for the demands of a new era – able to scale reach without diluting credibility, move at the pace of technological change while preserving editorial judgement, and embrace innovation without losing the human insight that defines trusted journalism.

Because in a world where information is instant, what ultimately matters is meaning.

And in a time of constant change, what stays is trust.

Behind every story we deliver lies an ecosystem of infrastructure and intelligence, working quietly to turn information into insight.

New Voices. New Conversations. New Possibilities.

NDTV welcomed Mr Rahul Kanwal as Chief Executive Officer, marking the beginning of a new phase of leadership centred on innovation, editorial intelligence and long-term growth.

Alongside this leadership transition, NDTV welcomed several leading journalists, further strengthening the depth and credibility of its newsroom.

Company Overview

Where Credibility Leads the Conversation

Founded in 1988, NDTV has grown into one of India's most respected destinations for news and digital journalism. Over the decades, the network has built a reputation for credible, independent reporting that informs public understanding, enriches national conversations and connects audiences with the issues that shape the country and the world.

NDTV's journalism has long been defined by integrity, balance and depth. Its reporting goes beyond headlines to interpret complex developments, present diverse perspectives and bring clarity to events that influence public life. In an environment where information travels faster than ever, the network remains committed to careful reporting and thoughtful analysis.

Today, as part of AMG Media Networks Limited, an Adani Group company, NDTV is entering a new phase of growth as a future-ready media organisation with an expanding global presence. The network is strengthening its presence across digital platforms, broadcast formats and international markets while continuing to remain anchored in the principles that shaped its founding.

With a renewed focus on digital-first innovation, technology-enabled storytelling and audience-centred content, NDTV is reimagining how news is experienced in a rapidly evolving media landscape.

Vision

To be the world's most trusted and influential voice on India, shaping local and global narratives through credible, insightful journalism and serving as the definitive news destination for Indian and global audiences.

Mission

To deliver independent, fact-driven reporting that elevates public conversation, empowers the individual, and serves as a vital link between India and the world.

Business Model

The Business of Credible Media

Our business model is built on a simple yet enduring principle - credibility creates value. We seek to create content that informs, inspires and engages audiences across platforms, while continuing to strengthen its position as one of India's most trusted media networks.

The Journey

Leadership to a Future-Ready Media Network

The Transformation Journey

2022

Reset and Strategic Foundation

- Adani Group acquired a 64.71% majority stake in NDTV, initiating a new strategic phase for the network
- A transformation agenda was launched across operations, technology and content to strengthen distribution, modernise infrastructure and build a newsroom designed for the next era of media

Our journey began in 1988 as India's first independent television news network. Over decades, the network-built leadership in broadcast journalism and digital-first storytelling.

The acquisition by the Adani Group in 2022 marked the beginning of our next chapter, a decisive shift from legacy leadership to future-readiness.

This transformation is unfolding in an AI-shaped media environment where instant discovery and summaries are changing how audiences consume content, especially in lifestyle and infotainment. Our strategy reimagines storytelling, trust, and experiences beyond traditional platforms.

2023

Portfolio Expansion and Global Vision

- Expanded NDTV's footprint across new markets and audiences
- Launched NDTV Madhya Pradesh & Chhattisgarh and NDTV Rajasthan, strengthening the network's regional presence and accelerating its language strategy
- Launched NDTV World, extending NDTV's reach to international audiences and positioning the network as a global voice on India and global affairs
- Undertook a comprehensive brand refresh across broadcast and digital platforms

2024

Infrastructure, Distribution and Platform Scale

- Continuing its regional expansion, NDTV Marathi was launched to reinforce the commitment to regional journalism
- Expanded distribution across Connected TV, OTT/IPTV platforms and international markets
- Upgraded production and digital infrastructure to support multi-platform delivery and greater scale
- Strengthened global presence across the UK, United States and MENA region through additional international platforms
- Extended NDTV 24x7 distribution into Qatar, further expanding international reach
- Launched flagship intellectual properties including the NDTV World Summit

2025

Leadership, Growth and Multi-Platform Momentum

- Appointed Rahul Kanwal as Chief Executive Officer and Editor-in-Chief, bringing renewed editorial and strategic leadership
- Delivered strong revenue growth across quarters
- Launched a new events vertical under the brand 'NDTV Good Times', marking NDTV's entry into experiential formats and live cultural experiences
- Achieved record audience engagement and viewership across brands including NDTV Profit, NDTV India, NDTV 24x7 and regional channels
- Initiated a ₹ 396.50 crore rights issue to strengthen the balance sheet and support strategic investments

2026 & onwards

Imagining the Next Phase of Growth

- Continued the journey toward building NDTV into a global next-generation media network
- Accelerated investments across key strategic priorities, including:
 - Expansion of domestic and international distribution
 - Brand building and audience engagement
 - Development of new intellectual properties and content formats
 - Digital-first growth and partnerships with global platforms

Geographical Presence

Bringing India's Voice to the World

Our presence today extends far beyond borders. From key global markets across North America, Europe, the Middle East, Africa, Oceania, and South Asia, the network connects Indian and global audiences to India's perspective on the world. With a growing international distribution footprint across television, Connected TV, OTT/IPTV platforms, and digital, we reached hundreds of millions of viewers and users every month across our broadcast and digital ecosystem.

FY 2025-26 | Global Expansion Highlights

Chairperson's Message

NDTV: Foundations of Resilience,
Pathways of Growth

Dear Stakeholders,

It is my honour to present the Annual Report of NDTV for the financial year ended March 31, 2026.

Navigating Global Turbulence

We present this report at a moment of considerable global turbulence. The world economy, which had demonstrated commendable resilience through successive shocks, now confronts a more complex and uncertain environment. The outbreak of armed conflict in the Middle East has emerged as a significant new headwind, with the IMF's April 2026 World Economic Outlook projecting that global growth will slow to 3.1% in 2026, down from 3.3% in 2025, assuming the conflict remains limited in scope. The risks, however, are decidedly on the downside. A prolonged or broader conflict, deeper geopolitical fragmentation, renewed trade tensions stemming from sweeping tariff regimes, and the as-yet unrealised productivity potential of artificial intelligence could all significantly weaken growth and destabilise financial markets.

For much of the past year, the global economy wrestled with shifting trade alignments, elevated policy uncertainty, and the cascading consequences of geopolitical realignment. The recent

wave of tariffs, while not triggering a collapse in global trade, has reshaped supply chains, strained bilateral relations, and introduced new layers of corporate uncertainty. Inflation, though moderating in most advanced economies, is projected to tick upward in 2026, particularly across emerging markets, as conflict-driven energy shocks ripple through commodity-import-dependent economies.

Against this sobering global backdrop, India stands apart as a beacon of structural resilience. India's real GDP growth for FY 2025-26 is estimated at 7.6%, due to robust domestic consumption, resilient services exports, and a sustained investment cycle across infrastructure and digital connectivity. The Union Budget FY 2026-27 has further enhanced this momentum, raising public capital expenditure to ₹ 12.2 lakh crore, a transformative investment reshaping infrastructure, logistics, urban development, and the digital economy. India's proactive trade diplomacy, with agreements concluded with the United Kingdom and negotiations progressing with the European Union, further strengthens its position in a world reconfiguring its economic architecture.

Waves of Change in a Digital Tide

When the World is at War: Media's
Defining Moment

The escalation of armed conflicts across multiple theatres, from ongoing hostilities in the Middle East to persistent tensions in Eastern Europe, has placed extraordinary new demands on journalism. As of 2025, the world recorded the highest number of active state-based conflicts since the Second World War, according to the

Digital media has emerged as the largest segment of the sector, generating revenues of around ₹802 billion in 2024

- Upendra Kumar Sinha

Institute for Economics and Peace. In this environment, news organisations shoulder a responsibility that goes far beyond information delivery.

The human cost of conflict journalism has been stark. UNESCO data recorded over 310 journalists killed between 2022 and September 2025, with the toll accelerating sharply in active war zones. In 2024 alone, 82 media workers lost their lives, the highest annual figure since the Committee to Protect Journalists began tracking such data. Self-censorship has spread, government control over media institutions has increased, and press freedom has come under unprecedented strain globally.

Yet conflict also creates journalism's most vital moments. Wars generate intense demand for credible, verified reporting. Audiences, overwhelmed by a torrent of social media content, propaganda, and synthetic narratives, turn to trusted news organisations to distinguish fact from fabrication. For NDTV, this reality reinforces both the weight of our editorial responsibility and the strategic value of the trust we have built over decades. In a world where misinformation travels at the speed of algorithms, verified journalism is not a service, it is a necessity.

The global media industry is undergoing profound transformation as audiences embrace digital-first consumption. Valued at approximately \$ 2.58 trillion in 2025, growth is being propelled by online video, mobile advertising, and digital platforms.

For decades, NDTV has built its reputation on disciplined journalism and a commitment to factual journalism.

In India, the Media and Entertainment sector reached ₹ 2.5 trillion in 2024 and is projected to expand to ₹ 3.07 trillion by 2027. Digital media has already emerged as the largest segment, generating revenues of nearly ₹ 802 billion in 2024.

Yet, television remains a formidable medium, particularly in news and current affairs – retaining its unmatched ability to shape national discourse and deliver credible information to diverse audiences.

For news organisations, this transformation presents both opportunity and responsibility. Audiences now demand immediacy, accuracy, and deeper context across multiple platforms. Sustaining relevance requires a seamless blend of editorial integrity with modern distribution capabilities.

Crafting the Architecture of Tomorrow's News

Throughout the year, NDTV has invested strategically in newsroom modernisation, digital platforms, and distribution networks to strengthen its operational and technological base.

These initiatives have expanded our reach across television, web, and mobile, while enhancing our ability to respond to evolving audience behaviour.

We also broadened our international footprint, extending NDTV's presence across key global markets and amplifying the voice of Indian journalism worldwide. Editorial and business leadership was further reinforced with the appointment of Mr. Rahul Kanwal

as CEO, bringing seasoned expertise to our newsroom.

Our integrated content infrastructure – combining broadcast operations with advanced digital workflows, content management systems, and production networks – enables us to deliver news seamlessly across formats and geographies.

Strengthening Our Financial Foundation: The Rights Issue

In October 2025, NDTV successfully completed a Rights Issue, raising ₹ 396.50 crore at ₹ 82 per share (entitlement ratio of 3:4). The Issue was oversubscribed 1.11 times, reflecting strong shareholder confidence.

The proceeds were fully utilised with no deviation from stated objectives. ₹ 229 crore was deployed towards debt repayment, ₹ 71 crore towards strategic initiatives including distribution, marketing, and IP development, and ₹ 96.50 crore for general corporate purposes.

The debt reduction has materially strengthened the balance sheet, lowering annual interest costs from over ₹ 21 crore to under ₹ 2 crore and enhancing financial flexibility. This milestone underscores disciplined capital allocation and a continued commitment to transparent governance.

The AI Frontier: Opportunity and Responsibility

Artificial intelligence is reshaping journalism, offering both opportunity and risk. It is already improving newsroom efficiency,

from research and transcription to data analysis and distribution. At the same time, AI-driven content and disinformation pose serious challenges to trust.

Our approach is clear: leverage AI to enhance capabilities while safeguarding editorial integrity. We are adopting AI to improve efficiency and audience engagement, but not at the cost of credibility.

Verification, accountability, and human editorial judgement remain central. In an increasingly algorithm-driven environment, this commitment to trusted journalism will continue to define NDTV's value.

Beyond Screens: Stories That Live Everywhere

This year marked the launch of a new events vertical under the brand 'NDTV Good Times', extending the NDTV brand into lifestyle, travel, food, culture, and live entertainment. As audiences increasingly seek digital, on-demand, and shared cultural experiences, this initiative reflects our effort to meet those evolving expectations.

The platform has already hosted landmark cultural and entertainment events, drawing large audiences and enriching NDTV's engagement beyond traditional news. Meanwhile, our newsroom continued to demonstrate its strength during major national events, reaffirming NDTV's credibility in high-impact reporting.

The Currency of Credibility in a Noisy World

In an era where artificial intelligence, synthetic media, and information overload challenge public confidence, trust has become the defining currency of journalism.

For decades, NDTV has built its reputation on disciplined reporting and a steadfast commitment to truth. That foundation of credibility continues to guide every story we broadcast and publish, reinforced by strong governance and a culture of transparency and accountability.

Vision Forward: Shaping the Future of Media

The media industry will continue to evolve as technology advances, audience behaviour shifts, and digital platforms reshape the creation and distribution of content. NDTV's focus remains on fortifying the foundations of long-term growth – deepening technological capabilities, expanding digital reach, enhancing production infrastructure, and integrating data-driven insights to sharpen efficiency and engagement.

With strong institutional capabilities and a clear strategic vision, NDTV is well positioned to navigate the next phase of industry transformation while upholding its responsibility to deliver journalism with integrity.

None of this progress would be possible without the dedication of our stakeholders, whose commitment sustains the NDTV legacy. I extend my deepest gratitude for your continued support as we build the next chapter of NDTV with resilience, responsibility, and renewed purpose.

Warm regards,

Upendra Kumar Sinha
Chairperson

CEO's Perspective

Future. Forward. NDTV.

Dear Stakeholders,

It is indeed a privilege to write to you for the first time as the Chief Executive Officer of NDTV. I stepped into this role with deep respect for the network's legacy of credible journalism and the trust it has earned with audiences over decades. Our focus is to build on that foundation while equipping the organisation for the opportunities and responsibilities that lie ahead.

The past year marked an important phase of consolidation and expansion for NDTV. We strengthened our broadcast network, broadened our content portfolio and deepened engagement across both television and digital platforms.

A key milestone during the year was the successful completion of our ₹ 396.5 crore Rights Issue, which strengthened our balance sheet and provided the capital required to accelerate strategic priorities. The Company recorded revenues of ₹ 528.29 crore which is 13.60% higher as compared to the previous year, reflecting steady operational progress as we continue to scale our platform.

Our office in Noida offers modern infrastructure, advanced technology and collaborative workspaces that support a future-ready newsroom.

- Rahul Kanwal

Building Infrastructure for a Future-Ready NDTV

Our central focus this year was on enhancing the operational strength of our broadcast and digital ecosystem. We upgraded newsroom workflows, modernised production environments and strengthened distribution across television and digital platforms. These investments have enabled faster publishing cycles, improved collaboration across teams and greater agility during high-impact news moments.

Our office in Noida offers modern infrastructure, advanced technology and collaborative workspaces that support a future-ready newsroom.

Advancing Editorial Excellence Across Every Platform

The year brought renewed energy across our programming slate.

NDTV 24x7 introduced a refreshed lineup of prime-time and editorial properties that strengthened its position as a destination for sharp debates, deeper analysis and contextual storytelling. Programmes such as The Buck Stops Here, India Matters, NDTV Newsroom and Breaking Ground brought fresh perspectives to national conversations while reinforcing the authority of the NDTV newsroom.

NDTV India continued to deepen its connection with audiences through impactful Hindi journalism. Its prime time programming remained among the industry's most competitive, while its election coverage and on-ground reporting helped broaden engagement across the country.

We also launched a new events vertical under the brand 'NDTV Good Times', a platform for live cultural experiences that extends the NDTV brand into concerts and large-scale public events, enabling new ways for audiences to engage with the network beyond traditional broadcasting.

Delivering Leadership Through Consistent, Credible Growth

Across our network, the year delivered encouraging performance momentum.

NDTV 24x7 recorded its highest-ever BARC viewership and emerged as the No. 1 English news channel among affluent viewers. NDTV India achieved its highest-ever market share, reflecting stronger audience engagement in an increasingly competitive landscape.

NDTV Profit delivered particularly strong growth, emerging as one of the fastest growing business news channels with a market share exceeding 50% among key urban audiences and a significant rise in viewership.

Our regional channels also strengthened their presence across important markets. NDTV Rajasthan delivered a strong performance with a market share of 23.9%, while NDTV Madhya Pradesh–Chhattisgarh ranked among the leading regional networks with a 15% market share. Along with NDTV Marathi, these channels continue to expand their reach through compelling on-ground reporting, regional programming and growing digital engagement.

NDTV has expanded its presence across connected television, OTT and IPTV ecosystems, ensuring that audiences can discover and engage with our journalism across multiple screens.

Setting the Standard in High Impact News Coverage

This year reaffirmed the strength of the NDTV newsroom during events of national importance. Our coverage of the Bihar Assembly elections and other significant developments demonstrated the speed, credibility and editorial discipline that defines NDTV.

Beyond television, NDTV 24x7 strengthened its digital leadership by emerging as the most viewed English news channel among all English broadcasters in India on YouTube for ten consecutive months beginning June 2025. Across the network, NDTV's digital platforms now include:

- more than 45 million lifetime YouTube subscribers
- more than 102 million followers across social media platforms
- more than 40 billion video views across our digital ecosystem

Extending NDTV's Footprint Across Markets and Screens

We continued to strengthen distribution across emerging platforms, including connected television, OTT and IPTV ecosystems, ensuring that audiences can access NDTV's journalism anytime and anywhere.

Internationally, NDTV 24x7 maintained strong distribution across key markets - including the United Kingdom, the United States and the Middle East – underscoring our position as a global platform for credible Indian journalism.

The momentum we have built this year gives us confidence in the path forward. With a strong performance, growing digital scale and a talented team across the organisation, we are well-positioned to navigate the next phase of media transformation.

Curating Conversations That Shape India's Future

Beyond news broadcasting, NDTV continued its role as a chronicler of ideas and national dialogue. Our summits, conclaves and public forums brought together policymakers, business leaders, entrepreneurs and creators across sectors. These platforms strengthened NDTV's position as a space where meaningful conversations shaping India's future can unfold. The NDTV World Summit, convened in October 2025 as a premier forum for thought leadership, brought together an extraordinary constellation of global figures, including Prime Minister Shri Narendra Modi, Prime Minister of Sri Lanka Harini Amarasuriya, former UK Prime Minister Rishi Sunak, and former Australian Prime Minister Tony Abbott, alongside a host of other distinguished luminaries – a rare and historic occasion where two serving prime ministers and two former prime ministers shared their perspectives on the global stage, engaging in a dialogue that spanned geopolitics, economic resilience, and the evolving architecture of international cooperation.

Embedding Purpose, Principles and Performance at the Core

We continue to focus on reducing our environmental footprint through efficient technologies and responsible operational practices. As a news organisation, we recognise the responsibility that comes with our platform, and our programming continues to highlight important environmental and social issues.

Our people remain central to our mission. We strengthened employee well-being initiatives, introduced the #NDTVcares in-house crèche to support working parents and expanded learning programmes including AI Copilot training and leadership development initiatives such as the Young Managers Programme.

These initiatives are reinforced by strong governance practices, a diverse Board and robust risk management frameworks that uphold transparency and accountability across the organisation.

Imagining a Clear and Confident Future

We will continue strengthening our newsroom, expanding our digital and distribution footprint and building formats that deepen audience engagement across platforms.

The momentum we have built this year gives us confidence in the journey ahead. With strong performance, growing digital scale and a talented team across the organisation, NDTV is well positioned to navigate the next phase of media transformation.

I extend my sincere gratitude to our viewers for their enduring trust, to our partners and advertisers for their collaboration and to our shareholders for their support and confidence in our vision.

My deepest appreciation goes to the teams across NDTV – whose energy, creativity and professionalism power everything we do.

Warm regards,
Rahul Kanwal
Chief Executive Officer

The Changing Patterns of Media Consumption

On-Demand Viewing

Audiences are increasingly accessing news through on-demand formats and OTT platforms, moving beyond the constraints of scheduled television programming.

Connected Screens

The rapid adoption of Connected TV and IPTV is expanding the

living-room presence of digital news, blending traditional broadcast viewing with internet-driven discovery.

Multi-Platform Engagement

Viewers now navigate seamlessly across platforms-television, OTT services, mobile apps, websites and social media—often engaging with the same story across multiple touchpoints within a single news cycle.

Real-Time Discovery

Content is increasingly discovered through digital feeds, recommendations and search-led environments, reshaping how audiences encounter and engage with news.

Responding to a Changing Media Landscape

In an environment shaped by new patterns of discovery and consumption, NDTV’s strategy is centred on strengthening the qualities that make journalism valuable while expanding the ways audiences encounter and engage with it.

Stories That Go Beyond the Headline

NDTV is deepening its focus on storytelling that offers context, credibility and human perspective. Live reporting, original formats and immersive narratives ensure that audiences receive more than quick updates – they gain insight, depth and understanding that cannot be captured by summaries or automated discovery.

Expanding Distribution Across Platforms

Connected TV and OTT Presence
NDTV has strengthened its footprint across connected television and OTT environments as part of its broader distribution strategy. Its presence across digital cable, IPTV, OTT platforms and connected TV supports both appointments viewing and on-demand discovery.

Strengthening Global Reach

NDTV 24x7 International Distribution
NDTV 24x7 continues to maintain strong international distribution across key markets including the United Kingdom, the United States and the MENA region. This presence supports NDTV’s strategy of serving global audiences while strengthening the international visibility of its English news brand.

Building New Platform Partnerships

NDTV continues to expand its digital presence by strengthening its platform ecosystem and enhancing content accessibility across devices.

During the year, the Company added two dedicated mobile applications, NDTV and NDTV Profit, enabling audiences to

seamlessly access news and business content across iOS and Android platforms.

This expansion complements NDTV’s broader digital strategy of reaching audiences across an increasingly fragmented media landscape, ensuring its journalism remains accessible, relevant, and platform-agnostic.

Brand-Led Experiences Beyond the Screen

Launched a new events vertical under the brand ‘NDTV Good Times’, extending NDTV into live cultural experiences that create moments, memories, and community engagement beyond what digital discovery alone can replicate.

As consumption evolves from passive viewing to multi-platform discovery and live engagement, NDTV’s digital ecosystem supports both global expansion through NDTV World and new experiential formats such as NDTV Good Times.

India's Global Window to News & Dialogue

NDTV World strengthened its role as the network's global-facing platform, advancing our ambition to bring India's perspective to international audiences and shape conversations on global affairs. Through its coverage of geopolitics, global business, culture and international developments, the platform continues to expand NDTV's presence among global audiences.

NDTV World's Global Presence

In FY 2025-26, NDTV World expanded its international footprint as part of our broader distribution and brand-building strategy. The platform continues to support the network's efforts to widen both domestic and international reach through global partnerships, digital-first expansion and an evolving distribution network.

Where Magical Experiences Come Alive

As audience behaviour evolves in an era of instant discovery and on-demand consumption, media brands are increasingly extending engagement beyond traditional content formats.

NDTV Good Times reflects this shift. Conceived as the network's experiential platform, it curates live events, concerts and cultural gatherings that bring audiences together around shared moments of celebration.

By extending our brand into live experiences, the platform strengthens audience connection and transforms storytelling into something people can actively participate in.

My Story – India Chapter | Yo Yo Honey Singh | Mumbai & Delhi, March 2026

Yo Yo Honey Singh returned with My Story - India Chapter, delivering high-energy performances across Mumbai and Delhi.

Featuring Alfaaz, Soundarya Sharma and Lauren Gottlieb, the concerts blended spectacle with personal storytelling, creating unforgettable fan-led moments on and off stage.

Harmony of Hearts – A. R. Rahman | Delhi, December 20, 2025

After six years, A. R. Rahman returned to the capital in a sold-out homecoming curated by NDTV Good Times. Harmony of Hearts became more than a concert, it was a cultural moment. Delhi transformed into a living orchestra as thousands shared a night of emotion, nostalgia, and collective memory.

Living India's Culture, Crafting Outstanding Experiences for a New India

NDTV Good Times curates iconic artistes, extraordinary settings, and meaningful live experiences across cities, transforming concerts into cultural milestones. What sets this platform apart is NDTV's unique ability to:

Craft premium live experiences	Amplify them across broadcast, digital, and social platforms	Build cultural moments that travel far beyond the venue
--------------------------------	--	---

Raag On – Shankar Ehsaan Loy | Mumbai, February 8, 2025

Shankar Ehsaan Loy returned to the stage after six years with Raag On, turning Mumbai into a celebration of Bollywood's most iconic music.

Joined by Siddharth Mahadevan, Shivam Mahadevan and Harshdeep Kaur, the night brought generations together in a shared moment of nostalgia and joy.

Sonu Nigam Live in Concert – Sonu Nigam | Srinagar, October 26, 2025

NDTV Good Times delivered a historic first: Srinagar's first-ever Sonu Nigam live concert.

Set against Dal Lake, the evening became a symbol of celebration, unity, and cultural revival, the valley's first major concert since the Pahalgam incident. For many in the audience, it was their first live concert experience, turning the night into a powerful moment of connection, healing, and shared joy.

Marquee Events

Platforms that drive dialogue, influence, and impact

We expanded our leadership beyond broadcast and digital through a strong calendar of brand-led on-ground events. These platforms brought together policymakers, industry leaders, entrepreneurs, creators, and communities across sectors, enhancing our role as a credible convener of dialogue and high-impact engagement

NDTV World Summit

The NDTV World Summit, hosted on October 17-18, 2025 in New Delhi brought together some of the world's finest minds and India's top leaders for a multi-faceted discussion on global challenges. The summit, themed "Edge of the Unknown: Risk, Resolve, and Renewal," featured Prime Minister Narendra Modi, former Australian PM Tony Abbott, former British PM Rishi Sunak, the Prime Minister of Sri Lanka Harini Amarasuriya, leading AI and climate experts, as well as cultural icons including cricketers and film personalities.

NDTV Indian of the Year 2025

From felicitating actors stealing the spotlight to honouring business visionaries, innovators, philanthropists, athletes, scientists and our armed forces, across 14 categories – the ones who dared bold questions and crossed frontiers. These icons proved India's story is willed into existence through Ideas. Inspiration. Impact.

The Indian armed forces were honoured with NDTV's 'Indian of the Year 2025'

NDTV Creators Manch

Hosted on March 14 and 15 at Sundar Nursery in New Delhi, Creators Manch Season 2 presented a vibrant cultural gathering where language, imagination, and artistic expression came together in a collective celebration of contemporary Indian creativity. A major highlight of the event was a special fireside conversation titled 'Khulti Girahen – Between the Lines' with acclaimed actor Nawazuddin Siddiqui, who reflected on storytelling, performance, and the emotional craft that shapes powerful narratives in cinema and literature.

Yuva 2025

NDTV YUVA is more than just a youth conclave – it is a vibrant, transformative platform where India's brightest minds, boldest voices, and most inspiring changemakers come together to engage, exchange, and empower. Building on the incredible success of its previous editions, the Mumbai Edition of NDTV YUVA brought together the urgency of Gen Z and the influence of those who craft the idea of India. This edition spotlighted critical issues across a spectrum of domains – politics, entertainment, entrepreneurship, climate action, gender equality, sports, education, social justice, mental health, and the ever-evolving influence of digital and social media.

NDTV Masterstroke
Art Awards 2026

The inaugural NDTV Masterstroke Art Awards imagined art in a more visible, more inclusive place within public life – a first step toward making art a more democratic part of a new India's cultural conversation, its artistic being and becoming. It recognised a broad spectrum of contributors to India's art world – artists, patrons, institutions, writers, and curators – acknowledging that art does not exist in isolation but within a larger ecosystem that sustains it.

Defence Summit 2025

Defence Summit 2025, hosted on August 30, brought together India's top political leadership, armed forces chiefs, veterans, policymakers, and industry leaders to deliberate on the theme 'Warfare in the 21st Century'. The summit reaffirmed NDTV's role at the heart of India's national dialogue on security and strategy. By drawing critical lessons from Operation Sindoor and anticipating future challenges, the summit reflected India's strategic priorities and aspirations.

NDTV Ind.ai Summit 2026

The inaugural edition of The NDTV Ind.ai Summit held on February 18, 2026 in New Delhi, brought together a distinguished group of policymakers, global tech leaders, and innovators to explore the future of artificial intelligence. As the technology moves from experimental phases to large-scale deployment, the summit addressed critical themes including global policy, ethical safeguards, national sovereignty, and the transformative potential of AI for India and the world.

NDTV PGTI Golf Pro-Am

The NDTV PGTI Golf Pro-Am series, launched in November 2025, is a premier corporate sporting event that blends the thrill of professional golf with the networking power of India's business elite. Held across Hyderabad, Mumbai, Ahmedabad, and Bengaluru, this national multi-city corporate golf circuit is designed to democratise golf and make it more accessible. The tournament pairs top corporate leaders with seasoned golf professionals in a unique Pro-Am format.

Banega Swasth India (BSI) – Season 12 Launch

NDTV's longest-running public health campaign entered its Season 12! The Dettol-NDTV Banega Swasth India (BSI) Season 12 launched on October 2, 2025, with a focus on driving the #IAMTheChange movement to build a Swachh (Clean), Sujal (Water-secure), and Swasth (Healthy) India. Led by campaign ambassador Ayushmann Khurrana, the launch event emphasised taking small, actionable steps towards health, hygiene, and environmental sustainability.

Navigating a New Media Reality

The way audiences discover and engage with content is undergoing a fundamental shift. News and lifestyle programming are no longer consumed in a linear broadcast environment; they are encountered through feeds, recommendations and on-demand formats across multiple screens. Artificial intelligence, algorithmic discovery and real-time information flows are reshaping both how content surfaces and how quickly audiences expect to engage with it.

In this new environment, relevance depends not only on the strength of journalism but also on the agility of distribution and format.

Our digital strategy is therefore centred on adapting to these changing patterns of consumption. The network is expanding its presence across platforms, investing in technology that enables faster and more flexible content creation, and designing formats that allow audiences to access news and ideas in ways that match contemporary viewing habits.

Infrastructure and Technology

Powering a Next-Generation Newsroom

As content discovery shifts toward AI-led platforms and on-demand consumption, our technology backbone enables faster workflows, multi-platform publishing, and real-time distribution, ensuring our journalism and live experiences remain discoverable, responsive, and scalable in an AI-shaped media environment.

Purpose in Action

At NDTV, responsibility is embedded in the way we operate and grow. As the organisation continues its transformation, we remain focussed on building a business that creates long-term value while upholding the principles of sustainability, transparency and trust.

Our approach to Environmental, Social and Governance (ESG) priorities reflects this commitment. From responsible resource use and employee well-being to ethical governance and accountability, we aim to ensure that progress is thoughtful, inclusive and resilient.

The following sections outline how these priorities are translated into action across three key areas:

Environment

Reducing operational impact and promoting responsible resource practices

Social

Supporting our people, audiences and communities

Governance

Strengthening ethical conduct, transparency and accountable governance practices

Environment

Towards Responsible Operations

We recognise the importance of responsible environmental stewardship and continue to integrate sustainability considerations into our operations and culture. We focus on adopting efficient practices, promoting environmental awareness, and encouraging responsible resource use across our network.

Energy Efficiency and Sustainable Infrastructure

We continue to invest in energy-efficient technologies to optimise power consumption across our operations. This includes the deployment of LED lighting systems, energy-efficient studio lighting equipment, and modern studio cameras that consume significantly less power while maintaining high production and broadcast quality.

Our infrastructure design incorporates the strategic use of glass architecture, helping reduce heat generation within the building and lowering the load on air-conditioning systems.

In addition, we have installed a rooftop fresh-air filtration system to remove sulphur, silver particles, and other airborne impurities, improving indoor air quality and promoting a healthier workplace environment.

Carbon Footprint Reduction

We encourage environmentally responsible commuting practices among our employees through car-pooling initiatives and shuttle services, helping reduce fuel consumption and transportation-related emissions.

As part of our fuel-efficiency initiatives, we have transitioned from traditional DSNG vans to more efficient mobile journalism technologies such as backpacks and Mojo kits. This transition has contributed to reduced fuel usage and lower operational emissions.

Waste Management and Recycling

We have implemented structured processes for responsible waste management across our facilities. Paper waste generated during operations is segregated and sent for recycling through authorised vendors to ensure proper reuse and minimise landfill disposal.

Electronic waste arising from obsolete or end-of-life equipment is disposed of through certified recycling agencies in accordance with environmentally responsible e-waste management practices. During the year, obsolete electronic equipment from our transition to the Max Office facility was disposed of through certified green channels.

Bio-waste generated within our office premises is also systematically segregated and processed through appropriate disposal mechanisms to ensure hygienic and sustainable waste handling.

Digitisation and Resource Conservation

We have initiated the digitisation of legacy linear tapes into a digital asset-management system. This helps preserve valuable archival content while reducing the need for physical storage infrastructure and lowering energy consumption.

Green Workplace Initiatives and Safety

Tree plantation and sapling drives have been conducted at both our Registered Office and Corporate Office to promote green cover and environmental awareness.

We also conduct regular fire-safety drills and training programmes for our security personnel, employees, and workers to ensure preparedness and safe workplace practices.

Environmental Stewardship

Decarbonisation

We are reducing our carbon footprint through energy-efficient technologies, optimised cooling systems, and the transition to fuel-efficient mobile journalism solutions.

Waste Management

We follow structured waste segregation, recycling, and certified e-waste disposal practices to minimise environmental impact.

Eco-Conscious Culture

We promote sustainability through plantation drives and employee engagement initiatives that encourage environmentally responsible behaviour.

Educational Programming

We leverage our platform to develop and broadcast content that raises awareness on critical environmental and social issues.

Social - People

Building a Stronger Workplace

We continued to invest in building a workplace that supports well-being, encourages learning and creates opportunities for employees to grow and thrive.

Key HR Initiatives for FY 2025-26

Family-Friendly Policies

We introduced an in-house crèche under #NDTVCare, supporting working parents by allowing children (up to 14 years) to visit or stay during the day. This initiative reinforces our commitment to employee well-being and work-life balance.

Employee Support and Workplace Facilities

We provide essential workplace facilities to ensure employee comfort and convenience. Canteen services are available for employees working early morning shifts, ensuring access to meals during working hours.

Training & Development

We continue to strengthen employee capabilities through structured learning initiatives, including AI Copilot training for all employees and specialised Anchors Training programmes.

Employee Health and Well-being

We prioritise the physical and mental well-being of our employees through a range of initiatives. We rolled out mental health sessions, stress management workshops, and counselling services, along with wellness-focussed engagements such as Women’s Day celebrations.

To further support employee health, a dedicated medical room is operational at our workplace to provide immediate medical assistance. We also conduct annual health check-ups to encourage preventive healthcare and overall well-being.

Safe and Inclusive Workplace

We remain committed to fostering a respectful and inclusive work environment. We continued our POSH training sessions, led by certified experts, to reinforce awareness, sensitivity, and adherence to workplace conduct standards across the organisation.

Talent Development

We enhanced our onboarding experience through LOOP, and built leadership capabilities through the Young Managers Programme. In addition, PI behavioural assessments were conducted to improve managerial effectiveness and support leadership development.

Social - Community Welfare & Social Impact

Driving meaningful change through awareness, engagement, and inclusion

We undertook a range of initiatives during the year focussed on public health awareness, child welfare, and community engagement, leveraging our platforms to address issues of social relevance.

Community Outreach and Social Campaigns

Banega Swasth India, our long-running public health initiative, continued to focus on preventive healthcare, hygiene, sanitation, and nutrition. The campaign engaged with communities through on-ground and media-led interventions, encouraging awareness and adoption of healthier practices.

Bachpan Manao focussed on issues related to child well-being, highlighting the importance of a safe and supportive environment for children. The initiative addressed aspects of childhood development and protection through targeted communication and outreach.

In addition, JRC-led initiatives contributed to community engagement efforts during the year, supporting awareness-building activities across identified focus areas.

The campaign highlights the importance of HPV vaccination for children, especially girls and teenagers, to help reduce the risk of cervical cancer and other HPV-related diseases. It also encourages women aged 18–45 to consult their gynaecologists about HPV prevention and vaccination. Through greater awareness, the initiative promotes informed action towards cervical cancer prevention.

Governance

Leading with Accountability

We are committed to a governance framework that builds trust, safeguards independence, and enables sound decision-making. Our approach is anchored in transparency, ethical conduct, and clear accountability to all our stakeholders.

A diverse and independent Board provides balanced oversight and strategic direction, supported by periodic evaluations of Board and committee effectiveness. Our governance practices are continuously strengthened through robust risk management systems and alignment with evolving regulatory requirements, including BRSR reporting standards.

Governance Framework and Practices

Ethical Business Conduct

We uphold a strong culture of integrity through a well-defined Code of Conduct applicable to our directors, management, and employees, guiding responsible and ethical decision-making.

Regulatory Compliance

We maintain robust systems and processes to ensure full compliance with applicable statutory, regulatory, and industry requirements.

Risk Management and Internal Controls

We have implemented a structured risk management framework to identify, assess, and mitigate key operational, financial, and compliance risks. This is supported by strong internal control systems and periodic internal audits to ensure the effectiveness of our processes.

Board Oversight

Our Board of Directors and its committees provide strategic guidance and oversight, ensuring accountability, effective governance, and sustainable growth.

Data Security and Information Protection

We prioritise the protection of our digital assets through appropriate data security systems and processes, ensuring confidentiality, integrity, and resilience.

Transparency and Stakeholder Engagement

We are committed to transparent communication with our stakeholders through timely disclosures and responsible reporting practices.

FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2026

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
New Delhi Television Limited
W-17, 2nd Floor, Greater Kailash-I,
New Delhi –110048

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **New Delhi Television Limited** (hereinafter referred to as "**the Company**"). The Secretarial Audit was conducted in a manner that provided us with a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company, and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2026, complied with the statutory provisions listed hereunder, and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2026, according to the provisions of:

- (i) The Companies Act, 2013 ("the Act") and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; and
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowing; **(Not applicable to the Company during the Audit period);**

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act"):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (d) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (e) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
 - (f) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (g) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 **(Not applicable to the Company during the Audit period);**
 - (h) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 **(Not applicable to the Company during the Audit period);**
 - (i) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 **(Not applicable to the Company during the Audit period);**
 - (j) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 **(Not applicable to the Company during the Audit period);** and

- (k) The Securities and Exchange Board of India (Investor Protection and Education Fund) Regulations, 2009 **(Not applicable to the Company during the Audit period).**

We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof on a test check basis, the Company has complied with the following Acts, Laws and Regulations applicable specifically to the Company, being broadcaster of news and current affairs programs, namely:

- (a) The Cable Television Networks (Regulation) Act, 1995 and rules, regulations made thereunder;
- (b) Guidelines for Uplinking and Downlinking of Satellite Television Channels in India, 2022
- (c) The Telecom Regulatory Authority of India (TRAI) Act, 1997 and rules, regulations framed thereunder;

Annexure E to the Directors' Report

Details of the material and significant orders passed by the authorities/ regulators/ courts/ tribunals:

1. Central Bureau of Investigation ("CBI") lodged a first information report dated June 2, 2017 ("FIR") against Dr. Pranjoy Roy, Mrs. Radhika Roy, RRPR Holding Private Limited, officials of ICICI Bank Limited and New Delhi Television Limited ("NDTV") and others under Section 120B read with Section 420 of Indian Penal Code, 1860, and Section 13(2) read with Section 13(1)(d) of the Prevention of Corruption Act, 1988 based on a complaint filed by a former consultant. The allegation relates to a loan from ICICI Bank which has been repaid by RRPR Holding Limited in 2009. It has been alleged in the complaint that the loan was settled and paid at ₹ 350 crores whereas the actual value of loan to be repaid was ₹ 398 crores. RRPR Holding Private Limited and NDTV have filed criminal writ petitions before the Delhi High Court seeking, inter alia, quashing of the FIR. CBI post its investigation, filed a closure report which has been accepted by the Hon'ble Rouse Avenue Court ("Trial Court") vide its order dated January 23, 2025, holding that no criminality or violation was found against any of the accused persons. The petitions were listed before the Delhi High Court on July 28, 2025, wherein the Delhi High Court examined the order passed by the Trial Court and directed that the petitions challenging the FIR has become infructuous in light of the closure report filed by CBI. Accordingly, the matter was disposed of as infructuous.

Based on the FIR filed by the CBI, the Directorate of Enforcement ("ED") lodged an enforcement case investigation report dated August 7, 2021 ("ECIR") under the Prevention of Money Laundering Act, 2002. RRPR Holding Private Limited has filed a criminal writ petition before the Delhi High Court seeking quashing of the ECIR. Subsequently, CBI filed a closure report before the Rouse Avenue Court. The Rouse Avenue Court, vide its order dated January 23, 2025, held that no criminality or violation of Section 19(2) of Banking Regulation Act, 1949 was found against any of the accused. The Delhi High Court, vide its order dated August 18, 2025, has quashed the ECIR, subject to the liberty granted to ED to revive the same in the event the CBI closure report is set aside by a superior court.
2. Securities and Exchange Board of India ("SEBI") issued a show cause notice dated August 20, 2018 to New Delhi Television Limited ("NDTV") for the alleged violation of clause 36 of the Equity Listing Agreement read with Section 21 of the Securities Contracts (Regulation) Act, 1956 on account of not disclosing the loan agreements entered by the former promoters of NDTV with ICICI Bank Limited and Vishvapradhan Commercial Private Limited. Further, SEBI vide its order dated December 29, 2020 ("SEBI Order") imposed a penalty of ₹ 5 crores on NDTV under Section 23E of the Securities Contracts (Regulation) Act, 1956 for non-disclosure of the said loan agreements. NDTV filed an appeal before the Securities Appellate Tribunal ("SAT") challenging the SEBI Order inter alia on the grounds that it was not a party to the said loan agreements. SAT vide order dated July 20, 2022 ("SAT Order") partly allowed the appeal and reduced the penalty from ₹ 5 crores to ₹ 0.10 crores for violation of clause 36 of the listing agreement. The said penalty of ₹ 0.10 crores have been paid by NDTV without prejudice to its rights and contentions. SEBI has filed an appeal before the Supreme Court challenging the SAT Order. The matter is currently pending adjudication.

3. Securities and Exchanges Board of India ("SEBI") issued a show cause notice dated January 22, 2020 ("SCN") to New Delhi Television Limited ("NDTV") for the alleged violation of Regulation 30(1), 30(3), 30(4) and 30(6) read with clause 8 of Para B of Part A of Schedule III of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with clause 8 of Para B of Annexure I to the SEBI Circular dated September 9, 2015. The SCN alleged that there was non-disclosure of the order dated June 26, 2018 passed by the Securities and Exchanges Board of India ("SEBI") in the proceedings initiated against Vishvapradhan Commercial Private Limited ("VCPL"), whereby, SEBI had concluded that VCPL had indirectly acquired control in NDTV, by entering into a loan agreement and call option agreement on July 21, 2009 with the former promoters of NDTV and directed VCPL to make public announcement to acquire shares of NDTV in accordance with the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 1997 within a period of 45 days from the date of the said order. NDTV filed its response on November 4, 2020 to the SCN denying the violations alleged by SEBI. The matter is currently pending adjudication.

4. New Delhi Television Limited ("NDTV") filed a writ petition before the Bombay High Court against rejection of two settlement applications dated March 21, 2017 and July 24, 2017 (collectively, "Settlement Applications") filed before the Securities and Exchanges Board of India ("SEBI") in respect of SEBI show cause notices dated (a) February 12, 2015 pertaining to non-disclosure of tax demand of ₹ 450 crores for assessment year 2009-2010; (b) August 20, 2015 pertaining to, inter alia, delayed disclosure by NDTV of sale of shares in NDTV by K.V.L. Narayan Rao in December 2013 and January 2014 and failure to disclose by the former non-independent directors and Compliance Officer of NDTV at that time of price sensitive information, i.e., the income tax demand of ₹ 450 crores; and c) June 8, 2016 pertaining to non-disclosure/delay by NDTV in disclosure of certain sale and purchase of shares in NDTV during 2007-08 and 2010 (collectively, (a), (b) and (c) as "SCNs"). The Bombay High Court vide judgment dated September 4, 2019 ("Judgement") (i) allowed the writ petition filed by NDTV and set aside the orders passed by SEBI in regard to rejection of the Settlement Applications; (ii) condoned the delay in filing the settlement applications and directed SEBI to decide the said applications on merits; and (iii) directed that if any order of adjudication has been passed after the filing of the settlement applications in respect of the SCNs, which are the subject matter of these Settlement Applications, the same would be rendered invalid. SEBI filed an appeal before the Supreme Court challenging the Judgement passed by the Bombay High Court. The matter is currently pending adjudication.
5. Securities and Exchanges Board of India ("SEBI") issued a show cause notice dated February 12, 2015 ("SCN") to New Delhi Television Limited ("NDTV") for the alleged violation of clause 36 of the Listing Agreement on account of non-disclosure of the assessment order dated February 21, 2014, passed by the Assistant Commissioner of Income Tax, New Delhi. Further, SEBI vide order dated June 4, 2015 imposed a penalty of ₹ 0.25 crores for violation of Section 23A of the Securities Contracts (Regulation) Act, 1956 and ₹ 1.75 crores for violation of Section 23E of the Securities Contracts (Regulation) Act, 1956 for failure to comply with clause 36 of the Listing Agreement. NDTV filed an appeal before the Securities Appellate Tribunal ("SAT") assailing the SCN. SAT vide order dated August 7, 2019 dismissed NDTV's appeal and upheld the penalty of ₹ 2 Crores imposed by SEBI. NDTV filed a civil appeal before the Supreme Court of India against the order passed by SAT. NDTV has further sought a stay on the notice of demand dated November 22, 2019 issued by SEBI directing NDTV to pay a sum of ₹ 3.07 Crores within 15 days from the receipt of the notice as directed by SAT. The matter is currently pending adjudication.
6. Securities and Exchanges Board of India ("SEBI") issued a show cause notice dated August 20, 2015, to New Delhi Television Limited ("NDTV" or "the Company") and others for the alleged violation of Regulation 13(6) of SEBI (Prohibition of Insider Trading) Regulations, Clause 2.1, 3.2 and 7.0(ii) of the Code of Corporate Disclosure Practices for Prevention of Insider Trading specified in Schedule II read with Regulation 12(2) of the SEBI (Prohibition of Insider Trading) Regulations. SEBI vide order dated March 16, 2018, inter alia, imposed penalties of ₹ 0.10 crores on NDTV for delayed disclosures with respect to sale of shares by Mr. KVL Narayan Rao, former Vice Chairperson and a Director of NDTV. An appeal against the order of SEBI was preferred before the Securities Appellate Tribunal ("SAT"). SAT, vide order dated August 7, 2019 ("SAT Order") upheld the penalties imposed by SEBI except the penalty of ₹ 0.02 crores imposed on the former Compliance Officer. However, the judgment of the Bombay High Court dated September 4, 2019, passed in connection with the rejection of the Company's Settlement Applications, has rendered the SAT Order invalid. SEBI has filed a Special Leave Petition before the Supreme Court of India challenging the judgment of the Bombay High Court. The matter is currently pending adjudication.
7. Securities and Exchanges Board of India ("SEBI") issued a show cause notice dated June 8, 2016 ("SCN") to New Delhi Television Limited ("NDTV") alleging non disclosures/ delayed disclosures with respect to the following matters as required by Regulations 7(3) and 8(3) of SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2015, (a) acquisition of 6.40% share in NDTV by Indiabulls Financial Services Limited in January 2008; (b) acquisition of 20.28% shares of NDTV by NDTV's former promoters in July 2008; (c) annual Disclosures by NDTV of its promoters' shareholding for FYs 2007-08 and 2010-11. Pursuant to the same, NDTV filed Settlement Applications along with application for condonation of delay before SEBI, which was rejected by SEBI vide Order dated August 31, 2017 ("Order"). Aggrieved by the erroneous rejection of the Settlement Application, NDTV preferred a Writ Petition before the Bombay High Court. In the meanwhile, on January 2, 2018, SEBI issued another show cause notice ("SCN - 1") to NDTV in furtherance of the SCN dated June 8, 2016. NDTV denied the allegations in the SCN vide reply dated February 27, 2018. Subsequently, SEBI issued a supplementary show cause notice dated August 10, 2018 to which NDTV submitted replies dated August 31, 2018. Pursuant to the same, SEBI vide its order dated June 17, 2019 imposed a fine of ₹ 0.12 crores on NDTV under the provisions of Section 15A(b) of the SEBI Act, 1992. NDTV has filed an appeal against the orders of SEBI before the Securities Appellate Tribunal. In the meanwhile, the Bombay High Court vide judgment dated September 4, 2019 held that if any order of adjudication has been passed after the filing of the settlement applications in respect of the SCNs, which are the subject matter of the settlement applications, the same would be rendered invalid. Accordingly, the appeal filed by NDTV assailing the order dated June 17, 2019 no longer required pursuit, and has been disposed of as infructuous, accordingly. SEBI filed an appeal before the Supreme Court challenging the judgement passed by the Bombay High Court. The matter is currently pending adjudication.
8. The Special Director of Enforcement ("ED"), on the basis of complaint dated November 6, 2015 by the Assistant Director, Directorate of Enforcement ("Complaint"), has issued a show cause notice dated November 13, 2015 ("SCN") to NDTV Studios Limited, New Delhi Television Limited ("NDTV") and others (collectively, "Noticees"), alleging certain contraventions by NDTV and others under the Foreign Exchange Management Act, 1999 ("FEMA") and the Regulations made there under by the Notices amounting to ₹ 1,626.44 crores and has asked the Noticees to show cause as to why adjudication proceedings should not be held against them. The following allegations have been made in the SCN inter alia, NDTV Networks Plc was found in contravention of various FEMA regulations regarding its FDI into India, it raised funds through loans, bonds, and non-convertible preference shares instead of the approved method, several NDTV group companies made unauthorized investments and NDTV issued guarantees without reporting them to the Reserve Bank of India ("RBI"), and certain fund transfers were deemed not genuine. Vide letters dated March 30, 2016 and April 18, 2016, NDTV submitted its responses to the SCN. ED vide its notice dated March 31, 2017 rejected the submissions made by NDTV and directed to initiate the adjudication proceedings. Subsequently, NDTV filed the compounding applications with RBI with respect to the allegations made in the SCN. NDTV filed a writ petition before the High Court of Judicature at Bombay ("High Court") against RBI and ED, since RBI refused to consider the compounding applications filed by NDTV. The High Court vide judgment dated June 26, 2018 directed RBI to render necessary guidance to NDTV in the matter of compounding of the alleged contraventions under FEMA and consider NDTV's compounding applications. Pursuant to the said judgment, NDTV re-filed the compounding applications. During the pendency of the compounding applications, ED filed a special leave petition before the Supreme Court of India challenging the judgment dated June 26, 2018, which has been dismissed by the Supreme Court vide order dated August 12, 2024. Accordingly, NDTV has re-filed the compounding applications which shall be considered by RBI in accordance with law. The matter is currently pending adjudication.
9. The Special Director of Enforcement ("ED") on the basis of complaint dated October 16, 2018 by the Assistant Director, Directorate of Enforcement, has issued a show cause notice dated October 17, 2018 ("SCN") to New Delhi Television Limited ("NDTV") and NDTV Networks Limited, and others (collectively, "Notices") for the alleged contraventions under the Foreign Exchange Management Act, 1999 ("FEMA") and the Regulations made thereunder by the Noticees amounting to ₹ 4,183.01 crores and has asked the Noticees to show cause as to why adjudication proceedings should not be held against them. The allegations in the SCN, includes, inter alia, that there was a delay in filing of form ODI to RBI by NDTV Studios Limited; NDTV Imagine Pictures Limited failed to allot shares within the prescribed time; and NDTV Imagine Limited made unauthorized downstream investments, breaching FDI regulations and conditions. NDTV is in the process of applying to compound the alleged procedural and technical contraventions with RBI and will challenge the substantive contraventions. The matter is currently pending.
10. The Income Tax Department issued a notice dated May 1, 2020 ("Notice") to New Delhi Television Limited ("NDTV" or "the Company") initiating re-assessment proceedings under Section 148 of the Income-tax Act, 1961 for the Assessment Year 2008-09. Aggrieved by the initiation of a second round of re-assessment proceedings for the same assessment year - earlier quashed by the Supreme Court - the Company filed a Writ Petition before the Delhi High Court challenging the validity of the Notice. During the pendency of the Writ Petition,

the Company received an Assessment Order along with a Notice of Demand dated March 31, 2022, under Section 156 of the Income-tax Act, 1961, for a sum of ₹ 353.36 crores. However, in view of the interim relief granted by the Delhi High Court, no effect was given to the Assessment Order. The Delhi High Court, vide judgment dated January 29, 2025, dismissed the Writ Petition filed by the Company. The Company subsequently filed a Special Leave Petition ("SLP") before the Supreme Court challenging the said judgment. The Supreme Court, vide its order dated February 28, 2025, dismissed the SLP while granting liberty to the Company to raise all contentions presented in the SLP before the assessing officer. Accordingly, in compliance with the order of the Supreme Court, the Company shall raise all relevant submissions before the appropriate forum. The Company filed an appeal before Commissioner of Income Tax (Appeals) [CIT(A)] on April 9, 2025 against the order of Assessing officer (AO) dated March 31, 2022 which is pending for disposal. The Company also filed a stay of demand application before AO. AO rejected the stay application on June 4, 2025 and asked the Company to pay 20% of the demand within 30 days as per CBDT guidelines. The company moved another application before Addl. CIT, which was also not considered. Thereafter, the Company filed another stay application before Commissioner of Income Tax (CIT). The Principal Commissioner of Income-tax (Central), Delhi-1, vide order dated August 11, 2025, has granted a stay on recovery of demand till the final disposal of the appeal before the CIT(A). Further the department passed a rectification order u/s 154 of the Act dated May 01, 2025 (received on July 04, 2025), wherein the demand of ₹ 353.36 Cr was enhanced to ₹ 358.07 Cr. approximately.

11. New Delhi Television Limited ("NDTV" or "the Company") filed an appeal before the Delhi High Court challenging the order dated June 16, 2020, passed by the Income Tax Appellate Tribunal ("ITAT"), whereby the issue of transfer pricing adjustment on account of an alleged corporate guarantee issued by the Company to enable its erstwhile subsidiary, NDTV Networks PLC ("NNPLC"), to raise overseas funds was restored to the file of the Assessing Officer ("AO") I Transfer Pricing Officer ("TPO") for Assessment Year 2008-09. The Delhi High Court, vide order dated January 11, 2022, permitted the TPO to proceed with the remand proceedings but directed the AO not to pass any final assessment order. Pursuant thereto, the TPO passed an order dated January 28, 2023, under Section 92CA(3) read with Section 254 of

the Income Tax Act, 1961, making a transfer pricing adjustment of ₹ 6,27,07,932. Based on the TPO's findings, the AO issued a draft assessment order dated March 29, 2023, under Sections 143(3), 144C, and 254 of the Income Tax Act, proposing to assess the total income of the Company at ₹ 5,73,88,657. The Delhi High Court, vide judgment dated January 29, 2025, disposed of the Income Tax Appeal filed by the Company and directed the AO to determine whether the undertaking issued by the Company constituted an international transaction within the meaning of Section 92B of the Income-tax Act, 1961, after affording an opportunity of personal hearing to the Company. Accordingly, the draft assessment order and the transfer pricing order passed pursuant to the ITAT's remand have been set aside. Pursuant thereto, the AO, vide order dated September 24, 2025, disposed of the objections filed by the Company and referred the matter to the TPO. The TPO, vide order under Section 92CA dated December 2, 2025, proposed an adjustment of ₹ 6.27 Crore. Thereafter, the AO passed a draft assessment order dated December 19, 2025, which was received by the Company on December 22, 2025. On January 29, 2026, the Company received the final assessment order dated January 27, 2026, passed under Sections 143(3) read with 144C(3) of the Act, wherein an addition of ₹ 6.27 Crore was made on account of fee for providing the corporate guarantee. The Company has filed an appeal against the said order before the CIT(A). The Company also received a demand notice under Section 156 of the Act for ₹ 443.28 Crore. While computing the demand, the AO considered additions amounting to ₹ 405.09 Crore made in the reassessment proceedings under Section 69A vide order dated March 31, 2022, and failed to give effect to the ITAT order dated 16 June 2020, wherein all additions made in the original assessment were deleted except the transfer pricing adjustment of ₹ 3.62 Crore, which was set aside to the file of the AO. Accordingly, the Company filed a rectification-cum-stay application before the AO to give the effect of order of ITAT. The same was disposed of by the AO vide order dated March 23, 2026, passed under Sections 254/143(3) of the Act, received by the Company on April 16, 2026, whereby the demand was reduced to ₹ 420.36 Crore. On April 27, 2026, the Company has filed a stay application before the AO. The AO vide order dated April 28, 2026, has granted a stay on the outstanding demand of ₹ 420.36 crore. The stay shall remain in force until the disposal of the pending appeal before the Hon'ble Commissioner of Income Tax (Appeals).

12. A final assessment order dated February 21, 2014, was passed by the Assessing Officer ("AO") under Section 144 read with Section 144C(13) of the Income Tax Act, 1961, whereby the income of New Delhi Television Limited ("NDTV" or "the Company") for Assessment Year 2009-10 was assessed at ₹ 838.33 crores as against the returned loss of ₹ 64.83 crores. The said order was challenged in appeal before the Income Tax Appellate Tribunal ("ITAT"), New Delhi, both by the Company and the Income Tax Department. The ITAT, vide consolidated order dated July 14, 2017, granted partial relief to the Company and, inter alia, remanded certain issues to the appropriate authorities for fresh adjudication. Appeals against the ITAT order filed by both the Company and the Department are currently pending. Pursuant to the said ITAT order, the AO passed a partial appeal effect order dated July 26, 2017, under Sections 254 and 144C(13) of the Income Tax Act, raising a demand of ₹ 428.93 crores. The Company filed a Writ Petition before the Delhi High Court challenging the said order. The Delhi High Court, vide order dated August 1, 2017, granted ad-interim stay on the demand and directed that no coercive steps be taken for recovery. In the

set-aside proceedings on the remanded issues, the AO issued a draft appeal effect order dated December 27, 2019, under Sections 254 and 144C of the Income Tax Act, proposing to assess the income of the Company at ₹ 578.83 crores. The Company filed objections before the Dispute Resolution Panel ("DRP"), which were rejected vide order dated January 29, 2021. The Company filed a Writ Petition before the Delhi High Court challenging the DRP order dated January 29, 2021, contending that the draft assessment order dated December 27, 2019, was barred by limitation under Section 153 of the Income Tax Act, 1961. During the pendency of the Writ Petition, the AO passed a final assessment order dated March 30, 2021, under Sections 144C and 254 of the Act, reiterating the proposed income of ₹ 578.83 crores against the returned loss of ₹ 64.83 crores. However, in view of the interim relief granted by the Delhi High Court, no effect was given to the said order. The Delhi High Court, vide judgment dated May 20, 2024, allowed the Writ Petition and held that the AO was barred in law from passing any further final assessment orders for AY 2009-10. The Court further directed that the Company shall be entitled to all consequential reliefs.

The Company also conducts frequent workshops/ training sessions to educate and sensitize the employees/ designated persons.

Policy on Related Party Transactions

The Company has adopted the Policy on Related Party Transactions ("RPT Policy") in line with the requirements of the Act and the SEBI Listing Regulations, as amended from time to time, which is available on the website of the Company at [NDTV - The Company](#)

The RPT Policy intends to ensure that proper reporting, approval and disclosure processes are in place for all transactions between the Company and related parties. This RPT Policy specifically deals with the review and approval of Material RPTs, keeping in mind the potential or actual conflicts of interest that may arise because of entering into these transactions. All RPTs by the Company and RPTs by the subsidiary companies, exceeding their respective standalone turnover, were placed before the Audit Committee for review and prior approval. Prior omnibus approval is obtained for RPTs on a yearly basis, for the transactions which are of repetitive nature and/ or entered in the ordinary course of business and are at arm's length. All RPTs entered during the year were in the ordinary course of business and on an arm's length basis.

The Company had also obtained the prior approval of shareholders for the Material RPTs to be entered into during the Financial Year 2025-26.

Risk Management Framework

The Company has established an Enterprise Risk Management ("ERM") framework to optimally identify and manage risks, as well as to address operational, strategic and regulatory risks. In line with the Company's commitment to deliver sustainable value, this framework aims to provide an integrated and organised approach to evaluate and manage risks. Risk assessment monitoring is included in the Company's annual Internal Audit programme and reviewed by the Audit Committee / Risk Management Committee at regular intervals. In compliance with Regulation 17 and 21 of the SEBI Listing Regulations, the Board has formulated a Risk Management Policy for framing, implementing and monitoring the risk management plan for the Company.

The Board is periodically updated on the key risks, steps and processes initiated for reducing and, if feasible, eliminating various risks. Business risk evaluation and management is an ongoing process within the Company.

A detailed update on risk management framework has been covered under the risk section, forming a part of the Annual Report.

Policy on Material Subsidiary

The Company has adopted a Policy on Material Subsidiary in line with the requirements of the SEBI Listing Regulations. The objective of this Policy is to lay down criteria for identification and dealing with material subsidiaries and to formulate a governance framework for subsidiaries of the Company. Management Discussion and Analysis

Global Economic Overview

The global economy in FY 2025-26 is being shaped by an unusual divergence between strong technology-led investment and persistent policy uncertainty, resulting in stable headline growth amid uneven underlying momentum. According to the International Monetary Fund (IMF), global GDP growth stood at 3.3% in FY 2024-25 and is expected to remain at 3.3% in FY 2025-26, reflecting resilience in economic activity across major regions. Advanced economies are projected to grow by 1.8% in FY 2025-26, supported by easing financial conditions in select markets and continued investment momentum, while emerging market and developing economies (EMDEs) are expected to expand by 4.2%, underlining the continued growth differential between regions.

Economic Growth Projections

Global inflation is expected to continue moderating, easing from 4.1% in 2025 to 3.8% in 2026, supporting a gradual improvement in consumer purchasing power and corporate sentiment. While most major economies are approaching their inflation targets, the pace of normalisation remains uneven, with services inflation proving sticky in some advanced economies. Central banks in key markets are expected to move cautiously on policy easing, balancing growth support with price stability considerations.

Trade policy uncertainty and geopolitical developments continue to influence global business confidence. Although trade tensions have stabilised following temporary tariff truces, policy uncertainty remains elevated, particularly in strategic sectors. Global supply chains have largely adapted to earlier disruptions; however, sector-specific restrictions and evolving trade frameworks continue to shape cross-border flows and corporate planning.

Global merchandise trade growth is expected to moderate in 2026, with world trade volumes projected to expand by 2.6%, reflecting the fading impact of inventory restocking and continued policy-related frictions. Export-oriented economies in Asia remain relatively resilient, supported by technology-led exports, while growth in non-technology trade remains subdued.

Performance of Major Economies

Real GDP, annual per cent change (%)	2024	2025	2026 (p)
United States	2.8	2.1	2.4
China	5.0	5.0	4.5
United Kingdom	1.1	1.4	1.3
Japan	(0.2)	1.1	0.7
Germany	(0.5)	0.2	1.1

Outlook

The IMF projects global GDP growth to remain steady at 3.3% in 2026, moderating marginally to 3.2% in 2027, reflecting a stabilisation in the global growth cycle after successive years of macroeconomic volatility. Growth prospects remain anchored in domestic demand and selective investment recovery across key economies.

While easing inflation is expected to support consumer and business sentiment, the outlook remains vulnerable to downside risks from renewed trade frictions, geopolitical developments and financial market volatility. The medium-term growth trajectory is likely to be increasingly influenced by the pace of technology diffusion and regulatory frameworks governing digital and AI adoption across major economies.

Indian Economic Overview

India enters FY 2025-26 with strong growth momentum, supported by resilient domestic demand, sustained public capital expenditure and improving private investment activity. As per the First Advance Estimates, real GDP growth for FY 2025-26 is placed at 7.4%. Inflation has moderated sharply, with average headline inflation declining to 1.7% during April-December 2025, reflecting favourable food and fuel price trends. The Reserve Bank of India has revised its FY 2025-26 inflation projection downwards to 2.0%, creating a supportive environment for household consumption and business confidence.

Indian Growth Projections

GDP Growth rate

(%)

FY26 (E)	7.4
FY25	6.6
FY24	7.6

E- Estimate

Sectoral performance has remained well-balanced. The services sector, accounting for over 55% of GDP, continues to anchor growth, led by IT services, financial services, travel, trade and professional services. Services exports remained resilient, reinforcing India's role as a global hub for digital and knowledge-led services.

The manufacturing sector recorded steady mid-single-digit growth, supported by capacity additions in electronics, renewables, mobility and industrial goods under the Production Linked Incentive (PLI) framework. Export-oriented manufacturing has benefited from global supply chain diversification towards India.

Agriculture registered stable growth supported by a normal monsoon and improving productivity, helping sustain rural consumption and food supply stability.

On the fiscal side, continued emphasis on infrastructure spending has supported construction, logistics, steel and cement demand, while robust GST collections indicate resilient domestic consumption and ongoing formalisation of the economy. India's external position remains stable, supported by comfortable foreign exchange reserves and resilient services exports, providing buffers against global volatility.

Union Budget 2026-27

The Union Budget 2026-27 outlines a strategic shift towards sustaining growth through productivity enhancement, supply-side reforms and capacity building, while maintaining fiscal discipline. Public capital expenditure has been increased to ₹ 12.2 lakh crore, reinforcing the government's continued focus on infrastructure development, logistics, urban connectivity and industrial corridors, which are expected to crowd-in private investment and support medium-term growth.

The Budget places strong emphasis on manufacturing competitiveness, MSME development and critical sectors such as biopharma, clean energy, electronics and advanced manufacturing. The proposed ₹ 10,000 crore SME Growth Fund and targeted measures to strengthen MSME credit access are expected to support entrepreneurship, employment creation and regional economic development, particularly in tier-2 and tier-3 cities.

For the digital and media ecosystem, measures supporting the IT services sector, safe harbour reforms, incentives for global cloud service providers operating from India, and investments in digital infrastructure are expected to strengthen India's position as a global technology and services hub. The proposed expansion of AVGC infrastructure through content creator labs and creative technology initiatives aligns with the growing convergence of media, technology and digital content creation, creating long-term opportunities for the media and entertainment sector.

Tourism, creative industries, sports and skill development have also received targeted support, which is expected to stimulate consumption, advertising activity and content demand across platforms. Simplification of customs processes, digitisation of trade clearances and ease-of-doing-business measures are likely to improve logistics efficiency and cross-border commerce, benefiting export-oriented and digital service-driven businesses.

Outlook for FY 2026-27

India's growth outlook for FY 2026-27 remains favourable, with real GDP growth projected in the range of 6.8%-7.2%, supported by resilient domestic demand, sustained public infrastructure spending and gradual recovery in private capital expenditure. The services sector is expected to remain the primary growth driver, while manufacturing growth is likely to strengthen as PLI-linked investments translate into higher production and exports.

The global geopolitical and financial system is navigating through a period of elevated uncertainty and challenges. These have implications not just for financial markets, but the economy as a whole. The recent escalation of geopolitical tensions in West Asia and its consequent impact on energy prices have already affected economic activity. If the crisis persists longer, it may also translate into second order inflationary pressures during FY 2026-27. Initial reports show that CPI headline inflation marginally increased to 3.5% (YoY) in April suggesting that underlying price pressures remained broadly contained. However, the Reserve Bank of India notes that Wholesale Price Index (WPI) inflation rose sharply from 3.9% in March to 8.3% in April - a 42-month high. This was largely driven by fuel and power.

Source: RBI Bulletin, May 2026

The outlook remains subject to external risks from global trade policy uncertainty, geopolitical developments and financial market volatility, which could impact export momentum and capital flows. Domestically, the pace of private capex recovery and rural demand conditions will remain key variables shaping near-term growth momentum.

Industry Overview

Global Media Overview

The global media and journalism industry operates at significant scale, supported by the structural shift toward digital-first consumption across news, entertainment and advertising. The global media market was valued at approximately USD 2.58 trillion in 2025, with growth driven primarily by digital advertising, online video and OTT streaming, despite structural pressure on print and linear television in developed markets.

The global newspaper and news publishing segment generated approximately USD 230 billion in revenues in 2025, with digital formats accounting for an increasing share of industry revenues. Advertising remains the dominant monetisation engine, with global ad spend estimated at approximately USD 963 billion in 2024 and approaching USD 950-970 billion in 2025, led by internet and mobile advertising.

News consumption continues to shift toward platform-led, video-centric formats on platforms such as YouTube

and TikTok, alongside private messaging platforms such as WhatsApp, while early-stage deployment of generative AI is beginning to deliver productivity gains across newsroom operations.

Outlook

The global media and journalism industry is expected to continue growing through 2026, with the overall media market projected to reach approximately USD 2.76 trillion by 2026, driven by digital advertising, online video and OTT, despite ongoing decline in print and linear television.

Global advertising expenditure is projected to cross USD 1 trillion by 2026, with internet advertising accounting for over 75% of total ad spend by 2028, intensifying competition for digital inventory and compressing yields for undifferentiated news content. Digital news monetisation is expected to exceed USD 30 billion by 2026, supported by continued expansion of paywalls and bundled digital offerings. Publisher economics are expected to face pressure from AI-led changes in search and distribution that reduce referral traffic to owned platforms and increase dependence on direct audience relationships, while generative AI adoption is expected to improve newsroom productivity but intensify content competition.

Indian Advertising Sector

The Indian advertising industry has demonstrated sustained growth, supported by expanding formal advertising spends and evolving media consumption patterns. In 2024, the Indian advertising market was valued at approximately ₹ 908.6 billion and is projected to reach ₹ 2.11 trillion by 2033, expanding at a CAGR of 9.37% during 2025-33.

Advertising expenditure in India spans multiple formats including television, print, radio, internet/online, mobile, and outdoor media. Television remains one of the largest individual segments, while digital advertising is growing rapidly as advertisers increasingly adopt online and mobile platforms.

Key drivers of growth include rising adoption of advertising by businesses to increase brand visibility and customer acquisition, greater smartphone and internet penetration, and growing demand for cost-effective and measurable advertising solutions. Multiple sectors including FMCG, e-commerce, BFSI, and consumer services continue to allocate significant portions of marketing budgets to advertising. Sector participation is further broadened by increased advertising activity around large sporting and cultural events.

Outlook

The Indian advertising market is expected to sustain growth over the medium term, driven by continued expansion of digital channels, greater media consumption across demographic segments, and increasing participation of regional and small-medium enterprises. The transition toward data-driven advertising, enhanced audience measurement, and performance-oriented investment is anticipated to support deeper advertiser engagement and efficiency. Overall, the sector is positioned for extended growth in line with broader trends in consumption and media evolution in India.

The Indian Television Advertising Sector

Overview

The Indian television advertising sector in 2025-26 navigated a transitional phase marked by moderation in traditional ad spends amid evolving media consumption patterns. Data from industry tracking indicates that linear television advertising volumes declined by around 10-11% in 2025, reflecting cautious advertiser allocations and structural shifts in media spend.

While TV’s reach continued to grow, linear Pay TV lost ground to Connected TV and Free TV, falling by 11 million subscriptions in 2025. Free TV grew by 4.5 million subscriptions, and Connected TV grew by around 10 million. There was rationalisation in the number of MSOs in India as smaller players merged due to falling Pay TV homes.

EY expects pressure on both advertising and distribution revenues continuing through 2028.

TV revenue and projections

₹ billion (gross of taxes) | EY estimates

Further, Linear TV ad revenue declined 10.3% in 2025, driven by a 11.5% drop in ad volumes, as brands allocated higher budgets to point-of-sale advertising and the ban on real money gaming impacted sports

Ad revenues on Connected TVs grew 42% to ₹ 99 billion. Combined ad revenues of Linear and Connected TV were stable at ₹ 362 billion.

Linear television subscription revenues in India decreased 8.3% in 2025, despite an increase of 2.4% in TV subscription ARPUs, which reached an average of ₹ 288 (gross of taxes) at end-customer prices during the year.

General Entertainment Channels (GEC) and News continued to command the largest shares within television advertising in 2025, jointly representing 56% of total TV ad volumes. Consumer categories such as food and beverages, personal care, and services remained among the highest contributors to television ad spend during the year.

Market Outlook

1) Television households expected to cross 200 million by 2028

	2025	2028E
Pay TV and Connected TV*	140	150
Free TV	53	54
Total TV	193	204

EY estimates | millions of subscriptions |
* Includes households with both connections

This is supported by estimates that India’s per capita income is expected to increase from US\$2,820 in 2025 to US\$3640 by 2028, enabling more households to buy a television. Active Connected TV homes are expected to increase to 67 million by 2028, as broadband access in the home increases steadily to over 90 million homes by 2028.

Meanwhile, Free TV is expected to grow to 54 million homes as more families enter the middle class. However, Pay TV is expected to fall, as more large-screen viewership moves to Connected TVs, enabled by local cable operators who earn a 2x to 3x higher per-subscriber take-home amount per month from broadband customers.

2) Linear TV revenues on a declining trend

	2025	2026E	2028E
Advertising	263	244	213
Subscription	354	342	322
Linear TV	617	587	535

₹ billion (gross of taxes) | EY estimates

Linear TV ad revenues could fall at 7% CAGR over next 3 years

Linear TV ad revenues will continue to decline, driven by a sustained annual fall of (-) 3.6% in linear TV households and the migration of affluent Pay TV audiences to Connected TV. Subscriber migration will lead to FMCG budget reductions on linear TV and increased advertiser spending on e-commerce and point-of-sale platforms. Even with GDP growth and election related spending in 2028, Linear TV ad revenues are projected to decline at a net three-year CAGR of 6.8%

Linear Pay TV distribution income likely to fall at 3%

The projected 3% CAGR fall in television distribution revenues until 2028 reflects the expected reduction in Pay TV homes in the country, as more large-screen viewership moves to Connected TVs. The large number of LCOs providing broadband services will also help the growth of wired broadband. However, the increasing cost of Pay TV will drive cost-conscious consumers toward more affordable options like free TV services and YouTube on mobile and other connected devices

3) News TV will continue to evolve its business model

With news consumption increasingly shifting to digital and social platforms, especially among younger audiences, news broadcasters are expected to rethink their content, monetisation and measurement models. Content will evolve toward multi format, multi-platform offerings, with clear differentiation by audience segment and age cohort.

Premium and mass audiences will be addressed through distinct products and pricing, alongside a growing focus on IP led formats, branded content, events and exclusive offerings.

The shift toward a "News+" model will accelerate, expanding beyond hard news into adjacent genres to drive reach and engagement, especially with significant innovation in the news Connected TV product, which provides more customisation and optimises for Connected TV features.

4) Impact properties will drive disproportionate ad revenue

As viewing fragments across platforms, impact properties will continue to attract large, highly

engaged audiences. This may prompt advertisers to anchor big budget campaigns around tentpole shows for rapid reach and standout visibility. Networks may push bundled offerings around impact properties, combining premium ad spots with brand integrations—from product placements to cocreated digital content to deliver deeper engagement.

5) Connected TV will unlock product innovation

With Connected TV reach projected at 83 million households by 2030. This will create urgency for broadcasters to monetise this audience with new products or lose them to other digital platforms on Connected TV. EY expects to see innovations around premium windowing, interactivity relating to Pay TV content, repurposing Linear TV content for Connected TV consumption and Connected TV only catch-up channels. FAST channels can expand Connected TV inventory by repackaging archival and niche content into always on, genre based streams that capture lean back viewing on smart TVs where AVOD dominates.

6) IPTV growth will reshape distribution and retention

Bundled offerings – TV + broadband + OTT – are likely to accelerate as Hybrid IPTV set top boxes that merge linear TV with OTT apps will allow operators to offer seamless "live to streaming" viewing and retain customers by combining broadcast reliability with OTT convenience. Local cable operators can drive IPTV adoption in Tier-II and III markets by pushing broadband and hybrid services, turning traditional cable connections into digital gateways and deepening Connected TV penetration beyond metros

7) Interactivity on TV will increase to deepen digital connect

Broadcasters are likely to increasingly create more engagement-prone content that will help convert non-addressable Linear TV viewers into identifiable, re-targetable audiences. First party data from interactive features will help enable sharper targeting, enhanced customer experiences, and measurable outcomes, all of which makes interactivity a desirable investment avenue for brands.

The Indian Media and Entertainment (M&E) Sector

The Indian Media and Entertainment (M&E) sector recorded strong growth in 2025, with industry revenues increasing by approximately ₹ 232 billion to reach ₹ 2.78 trillion (\$ 32 billion), reflecting a year-on-year growth of around 9.1%. Excluding the online gaming and video gaming segment, which was impacted by the temporary ban on money gaming for four months during the year, the sector grew by approximately 11.8%. The sector currently contributes around 0.8% to India's GDP and continues to remain a significant contributor to employment generation, supporting approximately 2.75 million direct jobs and over 10 million indirect jobs.

All figure are gross of taxes (₹ in billion) for calendar years
EY estimates

Growth in 2025 was primarily driven by advertising-led digital expansion and strong demand for live experiences. Advertising revenues grew by approximately 13.5%, significantly outpacing nominal GDP per-capita growth of 7.7%, while digital media continued to strengthen its dominance within the sector. Digital advertising alone grew by approximately 26% to reach ₹ 947 billion and accounted for nearly 63% of total advertising revenues across the M&E industry.

Digital media remained the largest segment within the Indian M&E landscape, with revenues reaching approximately ₹ 1.11 trillion in 2025. Growth was supported by rising consumption across OTT platforms, connected television, social media, e-commerce advertising and increasing spends by SMEs and long-tail advertisers. Digital subscription revenues also recorded robust growth of approximately 60%, driven by premium sports and entertainment content moving behind paywalls and increasing adoption of paid music subscriptions.

The live events segment emerged as the fastest-growing segment within the industry, registering growth of approximately 44% in 2025. Growth was led by higher spending on ticketed entertainment events, weddings, exhibitions, large government-led events and religious gatherings, including the Maha Kumbh Mela.

Out-of-home (OOH) media recorded growth of approximately 13%, supported by premium inventory, high-traffic locations and rising adoption of digital OOH formats, which now contribute a growing share of segment revenues. The music segment also witnessed healthy growth of approximately 10%, supported by licensing revenues, event-linked monetisation and expansion into adjacent businesses such as branded content and talent management.

The filmed entertainment segment reached record revenues of approximately ₹ 205 billion during the year. More than 1,900 films were released in 2025, while theatrical revenues increased by approximately 14%, supported largely by higher ticket prices and stronger performance of select blockbuster titles. However, digital andsatelliterightsvaluesmoderatedasbuyersrationalised content acquisition strategies and aligned valuations more closely with theatrical performance.

The animation and VFX segment grew modestly by approximately 2% amid global demand pressures and slower commissioning by international studios following industry-wide cost rationalisation measures. Domestic demand, however, remained relatively resilient, supported by increasing use of VFX in mid-budget films and demand across advertising and emerging digital content formats.

Traditional media segments continued to face structural headwinds during the year. Television revenues declined by approximately 9%, impacted by lower linear television consumption and a continued reduction in pay-TV households. Radio revenues declined by approximately 7% due to pressure on advertising yields, while the print segment remained relatively stable with modest growth of approximately 1%, supported by premium print formats and event-led monetisation initiatives.

Outlook

The Indian M&E sector is expected to continue its growth trajectory in the medium term, with industry revenues projected to reach approximately ₹ 2.86 trillion in 2026. Excluding the online gaming segment, the sector is expected to grow by approximately 8% in 2026.

Over the longer term, the sector is projected to expand at a CAGR of over 7% to reach approximately ₹ 3.3 trillion (US\$37.9 billion) by 2028. Digital media is expected to remain the principal growth engine for the industry, driven by increasing digital consumption, expanding connected television ecosystems, premium digital subscriptions, performance-led advertising and continued growth in e-commerce and SME advertising spends.

Advertising-led revenues are expected to remain the dominant growth driver for the sector, supported by rising digital adoption, improved audience targeting capabilities and increasing consumption across premium and affluent audience segments. Live experiences, premium OOH inventory and digitally integrated content ecosystems are also expected to witness sustained momentum.

At the same time, traditional media formats such as linear television and radio are expected to continue facing structural challenges due to changing consumption patterns and migration of audiences toward digital platforms. Content services and animation-related businesses may also remain sensitive to global demand conditions and international production trends.

Overall, the Indian M&E sector remains structurally well-positioned, supported by rising digital penetration, favourable demographics, increasing consumer engagement and continued expansion of India's digital economy.

INDIAN DIGITAL MEDIA

Digital media became the first segment in the Indian M&E sector to cross ₹ 1 trillion (1 lakh crore) in 2025 and is expected to continue growing at a CAGR of 14% over the next three years.

Revenue and projections

Digital media was the fastest-growing segment of the Indian Media and Entertainment (M&E) sector in 2025, recording 30% YoY growth. Similar to 2024, digital media continued to be the largest segment, overshadowing Television in 2025. Digital media now accounts for over 32% of total M&E sector revenues, indicating a structural inflection point in India's media consumption and monetisation landscape.

Digital advertising grew 26% to reach ₹ 947 billion in 2025, as several advertiser categories shifted ad spends from traditional to digital media, led by FMCG, travel and pharma. While search and social media dominated with a 64% share, ad revenues generated by e-commerce and point-of-sale platforms increased to ~23% of total digital advertising. Sports and entertainment OTT platforms grew ad revenues by 34% on the back of increased Connected TV rates and higher volumes as Connected TV grew from 30 million to 40 million weekly active connections. Connected TV ad revenues grew 42% to ₹ 99 billion in 2025.

Structural changes

The following trends have significant ramifications for the M&E industry:

- A) Telecom subscriptions reached 1.23 billion, but tele-density is still skewed towards urban areas. 98% of those accessing the internet used broadband, which crossed a billion subscriptions in 2025, of which 4% used wired broadband and the rest used wireless services. At 584 million, 40% of India's population uses smartphones. Connected TVs crossed 68 million households, of which around 40 million were active each week.
- B) Indians spent 1.2 trillion hours (+9%) on their phones in 2025, with 59% of this phone time being spent on media and entertainment. Social media users grew to around 500 million in 2025 and spent 731 billion hours on social media in 2025 (+5%). Video viewers increased by 4% (22 million) in 2025 to reach 572 million. Further, 56% of the total content produced for digital platforms was created in regional languages.

- C) Conversely, the reach of online news platforms dramatically reduced by 9% during 2025, with AI search summaries and the growth of AI apps being cited by industry stakeholders as the key reasons for the fall

Market Outlook

1) Digital media growth to sustain momentum

Digital segment revenues and projections

Composition of digital ad revenues

The digital media segment is expected to grow at a CAGR of 14% and reach ₹ 1,640 billion by 2028. Drivers for growth until 2028 include:

- Smartphone penetration will grow to 670 million by 2028. Connected TVs will cross 90 million households, of which 67 million will be active each week.
- SME ad spend will grow at 16%37 on the back of increased funding, export promotion initiatives and higher capital expenditure by the government
- India is expected to achieve US\$4,000 per capita income by 2030 to transition to an upper middle-income country and join China and Indonesia in the current classification
- The share of programmatic will continue to grow and will cross 50% of total digital media buying by 2026, while revenues on impact properties across

sports and entertainment platforms will increase, and be a major contributor to their ad revenues of ₹ 117 billion by 2028

- Messaging revenues related to marketing promotions on apps like WhatsApp and Telegram are expected to be increasingly used by large brands to provide location-specific offers to bridge gaps in sales and target micro-markets where penetration lags competition.
- Digital media will transition from impression-led economics to transaction-led economics. Video and short-form platforms will continue to witness sharp growth in shopping-linked engagement, affiliate commerce, and performance-based monetisation.

2) Digital subscriptions trend to continue

Digital subscriptions are expected to continue growing at 15% CAGR over next 3 years, driven by Connected TV, smartphone penetration, and rising GDP per-capita.

	2025	2026E	2028E

Total	163	191	248

₹ billion (gross of taxes) | EY estimates

Video subscriptions are expected to rise by 14% per year, while audio subscriptions are expected to grow by 29% as the industry continues to disincentivise free consumption via bundling and pricing innovation.

News Subscriptions are likely to remain sub-scale due to a wide range of free options and AI-led disruption via news agents. However, on a low-base the segment is expected to see 20% growth.

Paid news subscriptions and subscription revenues

News OTT ad revenues will continue to struggle unless loyal, app-based audiences are built; one could expect to see a large industry-wide news app come into being to manage customer acquisition cost and increase customer lifetime value, but that will require making news content exclusive. EY expects that innovation around value-accretive exclusive news and technical knowledge products can drive growth in niche segments that help readers grow their careers or better their lifestyle.

Industry SWOT Analysis

Strengths

- **Platform scale and ecosystem depth**
India now has strong domestic and global platforms across video, audio, gaming and social, creating a powerful content-distribution ecosystem.
- **Content diversity and regional strength**
The industry has built a strong multi-language, multi-genre content engine with rising cross-regional consumption, expanding addressable audiences.
- **Data-rich consumption environment**
Digital distribution has given platforms and advertisers deep behavioural and preference data, improving targeting, personalisation and content commissioning.
- **Advertising innovation capability**
Rapid adoption of performance-led, interactive and commerce-linked advertising formats is strengthening monetisation beyond traditional spot buys.
- **Creator economy maturity**
A growing creator and influencer ecosystem is now integrated into mainstream media strategies, improving reach, engagement and content velocity.

Opportunities

- **Connected TV and premium digital video**
Large-screen digital consumption creates new opportunities for premium advertising formats, brand storytelling and hybrid monetisation models.
- **Regional + local content monetisation**
Hyperlocal content, regional creators and vernacular storytelling offer deeper penetration and advertiser relevance beyond metro markets.
- **AI-led content and advertising transformation**
AI can unlock faster localisation, personalised creatives, scalable production workflows and smarter ad targeting.
- **Commerce-linked content models**
Integration of content, shopping and payments enables performance-driven storytelling and opens new revenue streams beyond pure media monetisation.
- **Partnerships and bundling**
Platform bundling across telcos, ISPs and content providers can reduce churn and improve lifetime value.

Weaknesses

- **Monetisation imbalance**
High consumption does not always translate into proportional revenue, with strong dependence on advertising models and pressure on subscription pricing.
- **Fragmented attention economy**
Audience attention is split across platforms, formats and languages, making sustained engagement harder and increasing content discovery challenges.
- **Low willingness to pay outside premium video**
News and audio platforms continue to struggle with building scalable paid consumer models, limiting revenue diversification.
- **Measurement and attribution complexity**
Cross-platform measurement remains inconsistent, affecting advertiser confidence and full-funnel ROI tracking.
- **High content investment risk**
Rising content costs combined with unpredictable consumer preferences increase the risk of underperforming investments.

Threats

- **Platform concentration risk**
Dependence on a few dominant digital intermediaries for traffic and monetisation weakens bargaining power for content owners and publishers.
- **Regulatory and compliance uncertainty**
Data protection, platform governance and content regulation frameworks may increase compliance costs and operational complexity.
- **Ad fatigue and declining effectiveness**
Over-exposure to digital advertising risks lowering engagement, pushing brands to demand stronger measurement and accountability.
- **Piracy and content leakage**
Digital distribution continues to expose premium content to unauthorised circulation, impacting revenues and exclusivity.
- **Global competition for attention**
International platforms and content formats compete directly with domestic players for Indian audiences' time and spend.

Business Overview

About NDTV

For over three decades, NDTV has played a defining role in India's news ecosystem, delivering credible, independent and impactful journalism across television and digital platforms. As a subsidiary of AMG Media Networks Limited, part of the Adani Group, NDTV continues to strengthen its editorial capabilities while building scale across platforms and geographies, guided by its founding values of trust, integrity and public interest.

NDTV's approach to journalism extends beyond reporting events to providing context, clarity and relevance in a rapidly evolving information environment. The Company's newsrooms bring together experienced journalists, editors, producers and technology specialists who work collaboratively to deliver accurate, timely and responsible coverage across formats, while deepening audience engagement through digital-first storytelling.

The Company operates a diversified portfolio of news brands including NDTV 24x7 (English), NDTV India (Hindi) and NDTV Profit (Business), supported by a growing digital network. These platforms enable NDTV to serve audiences in India and overseas, engaging the Indian diaspora across key international markets including the UK, North America, the Middle East, Africa, Australia and the SAARC region.

During the year, NDTV continued strengthening its regional and international footprint through its existing channels NDTV Madhya Pradesh-Chhattisgarh, NDTV Rajasthan, and NDTV Marathi, while also scaling NDTV World. In parallel, the Company broadened its presence across connected TV, OTT/IPTV platforms and international distribution networks, strengthening NDTV's position as a multi-platform media network with global reach.

Distribution

FY 2025-26 was a year of continued transformation in the content distribution ecosystem, shaped by regulatory alignment, accelerating digital adoption, and evolving viewer consumption across Linear TV and Connected TV (CTV) platforms.

Following the implementation of TRAI's NTO 4.0 framework, NDTV continued to optimise its channel packaging, pricing, and distribution architecture in line with regulatory guidelines and market dynamics. The strategic transition of NDTV India to a Free-to-Air (FTA) model further strengthened reach and accessibility, particularly through DD Free Dish, which now connects to over 50 million+ households nationwide.

The broader Linear Pay TV universe continued to witness structural shifts during the year, with reach trends reflecting ongoing migration toward digital and connected platforms. In contrast, Connected TV (CTV) further consolidated its position as a high-growth segment, now reaching approximately 35-40 million homes, with 129 million weekly active users, reinforcing its strategic importance in NDTV's distribution roadmap.

Key Distribution Highlights (FY 2025-26)

1. Expanded Digital TV Presence:

NDTV national channels strengthened availability across leading digital TV ecosystems, including Xiaomi TV+, LG Channels, Jio TV, and Jio TV+, enhancing accessibility across connected households.

2. Regional Network Expansion:

NDTV's regional channels, including NDTV Marathi, continued to deepen distribution across CTV and OTT environments such as LG, Xiaomi, and Jio TV+, supporting growth in regional markets.

3. International Footprint:

NDTV India maintained its presence in the US market through Dish Network and Sling TV, reaching approximately 2.2 million homes, reinforcing global brand visibility.

4. Global Distribution Leadership:

NDTV 24x7 continued to maintain strong international carriage across key markets including the UK, US, and UAE, sustaining its position as one of the most widely distributed Indian news channels globally.

5. Pan-India Availability:

NDTV national and regional channels remained accessible across major DTH and cable platforms in relevant domestic markets.

6. NDTV World (Global Digital Platform):

NDTV World continued to scale as a curated global-facing digital platform, delivering India-centric perspectives to international audiences and supporting NDTV's broader global expansion strategy and international footprint.

26. Overview of the entity's material responsible business conduct issues

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
1	Financial prudence	Risk	Failure to identify potential financial risks and challenges could impact the company's long-term sustainability.	- The Management ensures that expenses are dynamic and mapped to revenue on a quarterly basis. - Cash flow is scrutinized every month. - Sales targets versus actuals are measured on a monthly basis. - Detailed budgets are created that aligns with the Company's goals. - Expenses are sanctioned and incurred on the basis of the above reviews. - Financial records are regularly maintained and kept up to date, including regular audits and reconciliations.	Negative
2	Large advertising deals	Risk	Large advertising deals often involve working with a limited number of major clients or brands. Advertising budgets can be sensitive to changes in the overall economy or specific industry trends. The media industry is highly competitive, and media companies must continually adapt to changing market dynamics. Large advertising deals may be subject to renegotiation or non-renewal as market conditions evolve.	- Annual advertising deals for flagship programs guarantee that a portion of the Company's annual income is ensured at the beginning of the financial year. - Large campaigns focusing on societal issues and public awareness that set NDTV apart from other broadcasters are renewed annually to ensure continuity of revenue. - Flagship news events are highlighted for special Sales deals and are monetized as such. - The Company sells digital plus television together to ensure maximum leverage in a crowded market and its Social Media strength is fast emerging as a USP.	Negative

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
3	Employees' Health & Safety	Risk	Failure to ensure the health, safety and well-being of the employees of the Company can impact overall productivity. This can consequently affect our business operations, customer satisfaction and profitability	- Regular reviews are held, including by Internal Auditors, to ensure that control measures are effective and that safety policies are being followed. - A creche is operated on the premises of the Company to help working mothers. It is staffed with a doctor and trained attendants. - Shuttle services are provided at early and late hours to ensure women commute safely in Company-supervised transport - Two doctors monitor all employees who are sick, and a daily report is generated on this and reviewed by Management and concerned HODs. - Offices are thoroughly sanitized and cleaned so as to ensure the well-being of the employees. - Fire Safety exercises are carried out regularly and all the critical observations are taken into consideration. - Employees are regularly updated on adopting safety measures within the office premises and reporting hazards, near-misses, and safety concerns, if any.	Negative
4	Data Privacy and Cyber security	Risk	Data privacy risks encompass various threats that can compromise the security and confidentiality of sensitive information, potentially leading to financial losses, reputational damage, and legal repercussions. These risks include data breaches, data discrimination, and data brokerage.	- NDTV network is shielded from the outside world via GlobalProtect firewall with best practice policies. - Desktop/laptop communication on the network is protected via best-in-class Cisco Umbrella end-point security. - All computers, including Servers on the network also have McAfee EDR (Endpoint detection and response) protection with real-time threat detection.	

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
			Cyber security risks are the potential of exposing the business information or communication system to dangerous elements or circumstances resulting in loss of data from a cyber-attack or data breach in the organization. Cyber threats can manifest in various forms such as malware, phishing, ransomware, and insider threats, and can lead to data breaches, financial losses, and reputational damage. There is a need to take proactive cybersecurity measures, risk management, and continuous monitoring to safeguard sensitive data, protect operations, comply with relevant regulations, and adopt a privacy-focused approach to data management.	- Employees can access NDTV's internal network from home through GlobalProtect's VPN (virtual private network). VPN is enabled with MFA (Multifactor authentication). - NDTV's email is hosted on Microsoft Office 365 cloud services and also protected with MFA. - We also have provision of auto-patching any security updates which are rolled out by Microsoft Windows Security System. - Entire finance system operates on SAP, which is one of the safest systems from Cyber security / threat point of view. - Regular security audits are being conducted and employees are trained on best practices for data protection. - Employees are regularly informed on the latest cybersecurity threats and vulnerabilities.	Negative

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
5	Technology	Risk	Technology risk involves potential for any technology failure to disrupt a business. This cyber risk can come in many forms, including inefficiencies, theft, and malware. However, the primary threats revolve around software architecture, tooling, and delivery and maintenance.	Core IT Operations • NDTV email is hosted and run on the cloud via Microsoft and there is no risk of outage other than those covered under standard SLAs by Microsoft. • NDTV intranet servers are regularly and on schedule backed up at Veeam backup solution on LTO tapes & HOT DR disaster recovery has been implemented to mitigate any possible risk associated with physical servers on-premises. Broadcast Television • Entire operations are managed and run in-house, inclusive of Studio, PCR & Transmission. Digitalization • Both the content management system and the user facing websites are hosted on Amazon AWS cloud, which mitigates the risk of non-availability of the site.	Negative
6	Compliance and Governance	Risk	Regulatory compliance and good corporate governance practices form the foundation of our Company and non-compliance in any form can severely impact our business, brand name as well as credibility	The Company has a team of professionals who regularly review the applicable laws and regulations, keeps track of the regulatory changes applicable on the Company and ensure timely compliances by monitoring the same through a compliance management tool.	Negative

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate the positive/negative implications)
7	Business Ethics, Integrity and Transparency	Risk	Ethical conduct, integrity and transparent communication with stakeholders are integral to ensuring regulatory compliance and building stakeholder trust. Non adherence to business ethics and integrity related compliance obligations can lead to legal fines and penalties, financial forfeiture, damage to brand reputation, loss of business opportunities and valuation.	The Company has requisite policies, and it imparts training to equip employees with the required understanding and knowledge to conduct business ethically and prevent, identify, and respond to violations. The Company has rolled out the Whistleblower policy and Anti-Bribery & Anti-Corruption Policy under which complaint can be made without any fear of retaliation.	Negative
8	Digital Media Consumption	Opportunity	With the increasing penetration of smartphones, affordable internet connectivity, and changing consumer preferences, there has been a significant shift towards digital media consumption. This presents an opportunity for the Company to expand its digital platforms, engage with a wider audience, and deliver content through innovative digital channels. By leveraging this opportunity, the Company can enhance its reach, brand visibility, and revenue streams.	NA	Positive

Independent Limited Assurance Statement to New Delhi Television Limited on Business Responsibility and Sustainability Report FY2025-26

To the Management of
New Delhi Television Limited,
New Delhi, India

Introduction

Intertek India Private Limited (“Intertek”) was engaged by New Delhi Television Limited (“NDTV”) to provide an independent limited assurance on its BRSR (Business Responsibility & Sustainability Report) for FY2025-26 (“the Report”). The scope of the Report comprises the reporting periods of FY2025-26. The Report is prepared by NDTV based on SEBI’s (Securities and Exchange Board of India) BRSR guidelines.

The assurance was performed in accordance with the requirements of International Federation of Accountants (IFAC) International Standard on Assurance Engagement (ISAE) 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information.

Objective

The objectives of this limited assurance exercise were, by review of objective evidence, to confirm whether any evidence existed that the sustainability related disclosures, as declared in the Report, were not accurate, complete, consistent, transparent and free of material error or omission in accordance with the criteria outlined below.

Intended Users

This Assurance Statement is intended to be a part of the Annual Report of NDTV for FY2025-26.

Responsibilities

The management of NDTV is solely responsible for the development of the Report and its presentation. Management is also responsible for the design, implementation and maintenance of internal controls relevant to the preparation of the Report so that it is free from material misstatement, whether due to fraud or error.

Intertek’s responsibility, as agreed with the management of NDTV, is to provide assurance and express an opinion on the data and assertions in the Report based on our verification following the assurance scope and criteria given below. Intertek does not accept or assume any responsibility for any other purpose or to any other person or organization. This document represents Intertek’s independent and balanced opinion on the content and accuracy of the information and data held within.

Assurance Scope

The assurance has been provided for selected sustainability performance disclosures presented by NDTV in its Report.

The assurance boundary included data and information for the operations in W-17 sites and Max Square Noida Office of NDTV based on SEBI’s BRSR guidelines. Our scope of assurance included verification of data and information on

selected disclosures reported as summarized below:

Section A: General Disclosures

- Total number of permanent and other than permanent employees and workers
- Total number of female employees and workers
- Total number of differently abled employees and workers (permanent and other than permanent)
- Turnover rate for permanent employees and workers.

Principle 3 (Businesses should respect and promote the well-being of all employees, including those in their value chains)

- Number and percentage of employees covered under health insurance, accident insurance, maternity benefits, paternity benefits, and day care facilities.
- No. of employees covered as a percentage of total employees under the benefits of Provident Funds (PF), Gratuity and Employee State Insurance (ESI)
- Return to work and retention rates of permanent employees that took parental leave.
- Performance and career development reviews of employees.
- Safety data (fatalities, loss time injuries and recordable work-related injuries).
- Number of complaints made by employees on working conditions and Health and Safety.
- Number and percentage of employees covered under training on health and safety related measures and skill upgradation.

Principle 5: Businesses should respect and promote human rights

- Number and percentage of employees covered under training on human rights policy and issues.
- Minimum wage paid to employees,
- Percentage of plants assessed for child labour, forced labour, sexual harassment, discrimination at workplace and wages.
- Complaints filed under POSH Act.

Principle 6 (Businesses should respect and make efforts to protect and restore the environment)

- Total energy consumption and energy intensity
- Total water withdrawn and consumption.

Principle 9 (Businesses should engage with and provide value to their consumers in a responsible manner)

- Instances involving loss / breach of data of customers as % of total data breaches or cyber security events.

Assurance Criteria

Intertek conducted the assurance work in accordance with requirements of ‘Limited Assurance’ procedures as per the following standard:

- International Standard on Assurance Engagements (ISAE) 3000 (revised) for ‘Assurance Engagements other than Audits or Reviews of Historical Financial Information’.

A limited assurance engagement comprises of limited depth of evidence gathering including inquiry and analytical procedures and limited sampling as per professional judgement of assurance provider. A materiality threshold level of 5% was applied. Assessment of compliance and materiality was undertaken against the stated calculation methodology and criteria.

Methodology

Intertek performed assurance work using risk-based approach to obtain the information, explanations and evidence that was considered necessary to provide a limited level of assurance. The assurance was conducted by desk review & stakeholder interviews with regard to the reporting and supporting records for the FY 2025-26. Our assurance task was planned and carried out during Feb-May 2026. The assessment included the following:

- Review of the Report that it was prepared in accordance with the SEBI’s BRSR guidelines.
- Review of processes and systems used to gather and consolidate data.

- Examined and reviewed documents, data and other information made available digitally.
- Conducted virtual interviews with key personnel responsible for data management.
- Assessment of appropriateness of various assumptions, estimations and thresholds used by NDTV for data analysis.
- Review of BRSR disclosures on sample basis for the duration from 1st April 2025 to 31st March of 2026 for NDTV was carried out remotely.
- Appropriate documentary evidence was obtained to support our conclusions on the information and data reviewed.

Conclusions

Intertek reviewed selected BRSR disclosures provided by NDTV in its Report. Based on the data and information provided by NDTV, Intertek concludes with limited assurance that there is no evidence that the sustainability data and information presented in the Report is not materially correct. The report provides a fair representation of BRSR disclosures and is in accordance with the SEBI’s BRSR guidelines to the best of our knowledge.

Intertek's Competence and Independence

Intertek is a global provider of assurance services with a presence in more than 100 countries employing approximately 43,500 people. The Intertek assurance team included Certified Sustainability Assurance Professionals, who were not involved in the collection and collation of any data except for this Assurance Opinion. Intertek maintains complete impartiality towards any people interviewed.

Independent Auditor's Report

To the Members of New Delhi Television Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **New Delhi Television Limited** ("the Company"), which comprise the Standalone Balance Sheet as at 31 March 2026, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act (Ind AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements

under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 42 to the standalone financial statements in respect of the Scheme of Amalgamation between the Company and its subsidiaries, namely, NDTV Networks Limited, NDTV Worldwide Limited, NDTV Media Limited and NDTV Labs Limited, effective from 01 October 2025 ('the Scheme') as approved by the Regional Director (Northern Region), Ministry of Corporate Affairs, Delhi. The Scheme has been accounted for in the standalone financial statements, in accordance with the accounting treatment specified therein, in accordance with Ind AS 103 - Business Combinations, with effect from the beginning of the preceding period presented in the standalone financial statements. Accordingly, the comparative financial information has been restated to give effect to the amalgamation from the beginning of the previous year.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
1.	Litigation with Enforcement Directorate See note 34 to the standalone financial statements. During the year ended 31 March 2016, the Company and its certain executive directors had received a show cause notice from Directorate of Enforcement ('ED') on account of certain contraventions under the Foreign Exchange Management Act, 1999 ("FEMA") and regulations made thereunder in respect of investments in Indian subsidiaries made by overseas subsidiaries of the Company. Based on the legal advice obtained from an external firm of lawyers, the Company had filed a compounding application with the Reserve Bank of India ('RBI') in respect of alleged contraventions and further filed writ petition before the Bombay High Court since RBI refused to consider the Company's compounding application. Provision for ₹ 74 million was recognised on account of compounding fee during the year ended 31 March 2017. During the year ended 31 March 2019, the Company and its certain executive directors had received another show cause notice from Directorate of Enforcement ('ED') on additional matters in respect of the above investments in Indian subsidiaries made by overseas subsidiaries of the Company. Based on the legal advice obtained from an external firm of lawyers, the Company will be filing a compounding application with the RBI in respect of additional alleged contraventions based on the outcome of primary matter and a provision for ₹ 40 million was recognised on account of estimated compounding fee during the previous years. We have identified the above as key audit matter because of the significance of the amounts, significant judgment and estimation involved in assessing the outcome of the matters and the related amount of outflow required for settlement as at 31 March 2026.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: - Obtained and inspected the board minutes, correspondence with regulators and confirmations from the Company's legal counsel and enquired with the Company's legal team to understand the status and potential updates on these matters. - Involved our specialists to assess the possible outcome of the matters and challenged the assumptions used in estimation of the provision for compounding fee based on their knowledge and experience of the application of local legislation by the relevant authorities and courts. - Assessed the adequacy of the provision recognised for these litigations. - Assessed the adequacy of the disclosures for provision recognised and contingent liability in the standalone financial statements as per the relevant accounting standards in particular the disclosure of the estimation of uncertainty.
2.	Assessment of the provision arising from ongoing tax litigations See note 34 to the standalone financial statements. The Company is subject to a number of ongoing litigations with direct tax authorities involving significant amounts. These direct tax litigations are at various stages, ranging from preliminary discussions with tax authorities through to tax tribunal or court proceedings and resolution of these matters can take extended time. There is inherent uncertainty and significant judgment involved in assessing the outcome and consequentially whether or not any provision and / or disclosures are required for these tax matters. In view of the above we have identified ongoing tax litigations as a key audit matter	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: - Understand judgments and estimates made by the Company with respect to direct tax litigation. - Involved our tax specialists to evaluate the Company's assessment of the possible outcome of the matters, analyse and challenge the assumptions used in estimation of tax provisions based on their knowledge and experiences of the application of local legislation by the relevant authorities and courts. - Assessed the adequacy of provision for ongoing direct tax litigations where required. - Assessed the adequacy of the Company's disclosures in respect of ongoing direct tax litigations as per the relevant accounting standards.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our Auditor's Report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements

that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 01 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure B**.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 34 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or

on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year and has not proposed final dividend during the year.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March 2026, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Further, for the periods where audit trail (edit log) facility was enabled and operated for the accounting software, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A

to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of the Independent Auditor's Report of even date to the members of **New Delhi Television Limited** on the standalone financial statements as of and for the year ended 31 March 2026)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, Investment Properties and relevant details of Right-of-use Assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular program of physical verification of its Property, Plant and Equipment, Investment Properties and Right of use Assets under which these assets are verified in a phased manner to cover all assets over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain Property, Plant and Equipment, Investment Properties and Right of use Assets were verified during the year and according to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of all the immovable properties (which are included under the head 'Property, plant and equipment' and 'Assets held for sale') (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements are held in the name of the Company. However, original title deeds of the buildings, with net carrying amount of ₹ 12.48 million could not be made available for our verification, which we have verified from the copy of title deeds certified by the Registrar.
- (d) The Company has not revalued its property, plant and equipment (including right-of-use assets) and intangible assets during the year.

- (e) There are no proceedings which have been initiated or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.
- (ii) (a) The Company does not have any inventory. Accordingly, the provisions of clause 3(ii)(a) of the Order are not applicable.
- (b) As disclosed in note 16 to the financial statements, the Company has been sanctioned working capital limits in excess of ₹ 5 crores in aggregate from banks and/or financial institutions during the year on the basis of security of current assets of the Company. As represented by the Company, no quarterly returns/statements are required to be filed by the Company with such banks.
- (iii) According to the information and explanations given to us, during the year, the Company has made investments in other parties (mutual funds), however, has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or any other parties.
- (a) The Company has not provided any guarantee or security or granted any loans and advances in the nature of loans. Accordingly, the provisions of clause 3(iii)(a) of the Order are not applicable.
- (b) In our opinion and according to the information and explanations given to us the investments made are not, prima facie, prejudicial to the Company's interest. The Company has not provided any guarantee or security or granted any loans and advances in the nature of loans.
- (c) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans. Accordingly, the provisions of clause 3(iii)(c) to (f) of the Order are not applicable.
- (iv) According to the information and explanations given to us, the Company has not entered into any transaction covered under Sections 185 of the Act. In our opinion, the Company has complied with the provision of Section 186 of the Act in respect of investments made, and the Company has not

granted any loans, provided guarantee and security covered under Section 186 of the Act.

- (v) The Company has not accepted any deposits and in our opinion, the Company is not holding any amounts which are deemed to be deposits during the year. Further the company had no unclaimed deposits at the beginning of the year. Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013 in respect of Company's products/ services. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products/ services and are of the opinion that, prima facie, the prescribed accounts and records have been

made and maintained by the Company. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- (vii) (a) In our opinion and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and other material statutory dues, as applicable to the Company, with the appropriate authorities during the year. There were no undisputed amounts payable in respect thereof which are outstanding at the year-end for a period of more than six months from the date they become payable. We have been informed that the operations of the Company during the year did not give rise to any liability for service tax, sales tax, value added tax, and duty of excise.

- (b) According to the information and explanations given to us, there are no statutory dues referred to in sub-clause (a) that have not been deposited with the appropriate authorities on account of any dispute except for the following cases:

Annexure B

to the Independent Auditor's Report on the Standalone Financial Statements of New Delhi Television Limited for the year ended 31 March 2026

Independent Auditor's report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our Audit Report of even date)

We have audited the internal financial controls with reference to standalone financial statements of **New Delhi Television Limited** ("the Company") as of 31 March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to

an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31 March 2026, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of such internal controls stated in the Guidance Note.

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Reporting entity

New Delhi Television Limited (the Company) is a public limited company incorporated in India under the provisions of the Companies Act, 1956 with its registered office at W-17, 2nd Floor, Greater Kailash – I, New Delhi-110048, Delhi, India. Its shares are listed on the National Stock Exchange of India Limited (NSE) and Bombay Stock Exchange Limited (BSE) in India.

The Company is in the business of television media and currently operates six channels (NDTV 24x7, NDTV India, NDTV Profit, NDTV MPCG, NDTV Rajasthan and NDTV Marathi).

Note 1 Basis of preparation

a. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs Pursuant to section 133 of the Companies Act, 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on 29 April 2026

b. Functional and presentation currency

The financial statements are presented in Indian Rupees (₹), which is the functional and presentation currency of the Company. All amounts have been rounded-off to the nearest million upto two decimals, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

d. Use of estimates and judgements

In preparing the financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities,

income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

i. Judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

ii. Assumptions and estimation uncertainties

The areas involving critical estimates are:

- Recognition and measurement of provisions and contingencies;
- Estimation of defined benefit obligation;
- Estimated useful life of tangible and intangible assets;
- Fair value of barter transaction;
- Impairment test of non-financial assets; and
- Impairment of trade receivables and other financial assets.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

e. Current versus non-current classifications

The Company presents assets and liabilities in the Balance Sheet based on the current/non current classification.

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months. The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

f. Measurement of fair values

A number of the accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Chief Financial Officer.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognise transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further the information about the assumptions made in measuring fair values is included in the respective notes:

- investment property; and
- financial instruments.

Note 2 Material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of financial statements. The accounting policies adopted are consistent with those of the previous financial year, except if mentioned otherwise.

a. Financial instruments

Financial instrument is any contract that gives rise to a financial asset of the entity and a financial liability or equity instrument of another entity.

i. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- amortised cost;
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

iii. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

b. Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Capital Work in Progress

Expenditure related to and incurred during implementation of capital projects to get the assets ready for intended use is included under "Capital Work in Progress". The same is allocated to the respective items of property plant and equipment on completion of construction/ property plant and equipment. The cost of asset not ready for its intended use before the year end & capital inventory are disclosed under capital work in progress.

iv. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is recognised in the Statement of Profit and Loss. Freehold land is not depreciated.

The useful lives as estimated for tangible assets are in accordance with the useful lives as indicated in Schedule II of the Companies Act, 2013 except for the following classes of assets where difference useful lives have been used:

Asset class	Useful life (in years)
Buildings	40-60
Vehicles	5-8
Office equipment	3-5
Plant and machinery	3-10
Furniture and fixtures	3-10

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed off).

c. Intangible assets

i. Recognition and measurement

Intangible assets including those acquired by the company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on is recognised in profit or loss as incurred.

iii. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset class	Useful life (In years)
Computer software	6
Website	6

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

d. Non current assets held for sale

The Company classifies non-current assets (or disposal group) and operations as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Non- Current Assets are classified as held for sale only when both the conditions are satisfied –

- The sale is highly probable, and
- The asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such assets.

Non-current assets which are subject to depreciation are not depreciated or amortised once those classified as held for sale.

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and associated liabilities classified as held for sale are presented separately in the balance sheet.

e. Impairment

i. Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on:

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

Presentation of allowance for expected credit losses in the Balance Sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the company's procedures for recovery of amounts due.

f. Employee benefits

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

iii. Defined benefit plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets. In respect of gratuity, the Company funds the benefits through

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

contributions to the Life Insurance Corporation of India (LIC). Under this scheme, LIC assumes the obligation to settle the gratuity payment to the employees to the extent of the funding including accumulated interest.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method taking into consideration the various determination of the discount rate, future salary increases and mortality rate. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling').

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

iv. Termination benefits

Termination benefits are expensed at the earlier of when the company can no longer withdraw the offer of those benefits and when the Company recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

v. Other Employee Benefits

Other employee benefits comprise of compensated absences/leaves. The actuarial valuation is done as per projected unit credit method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss effective from 1 April 2023.

g. Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. In case the time value of money exist in a contract, provisions if required are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability only if it is material. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

h. Revenue from contracts with customers

The Company earns revenue primarily from advertisement, events, subscription, programme production and shared service.

The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Company also enters into certain multiple element revenue arrangements for performance of multiple services including free/ bonus spots along with paid spots. In all cases, the total transaction price for a contract is allocated amongst the various performance obligations based on their relative stand-alone selling prices.

In case the performance obligation in a contract is performed over a period, then revenue is recognized "over the period of contract". In case the performance obligation in the contract has been performed at a time, revenue is recognized at a "point in time".

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services.

- Advertisement revenue from broadcasting is recognised when advertisements are displayed. The revenue with regards to the contracts where drop slots/ bonus slots are offered to its customers is deferred.
- Revenue from events and shared services are recognised as the services are provided.
- Subscription revenue from direct-to-home satellite operators and other distributors for the right to distribute the channels is recognised when the service has been provided as per the terms of the contract.
- Revenues from production arrangements are recognised when the contract period begins and the programming is available for telecast pursuant to the terms of the agreement. Typically the milestone is reached when the finished product has been delivered or made available to and accepted by the customer.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liabilities primarily relate to the consideration received from customers in advance for the Company's performance obligations which is classified as advance from customers and deferred revenue which is recognised when there is billings in excess of revenues.

Significant judgements

- The Company's contracts with customers could include promises to transfer multiple services to a customer. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost plus margin approach or the residual approach to allocate the transaction price to each distinct performance obligation.
- The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

i. Barter transactions

The Company enter in arrangements for sale of advertisement space on various platforms in exchange of non cash consideration. Revenue from such services is recognised at a point in time on actual performance of the contract to the extent of performance completed by the Company against its part of contract and is measured at standalone selling price of the services of the Group or if the same cannot be measured reliably, then the fair value of the services rendered, as estimated by management. The total transaction price for a contract is allocated amongst the various performance obligations based on their relative stand-alone selling prices and are being recorded at transaction price/fair value.

j. Leases

The Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the site on which it is located, less any lease incentives received.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities include these options when it is reasonably certain that the option will be exercised.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if there is a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

Lease payments have been classified as financing activities in Statement of Cash Flow.

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases. The Company recognises the lease payments associated with these leases as an expense in statement of profit and loss over the lease term. The related cash flows are classified as operating activities.

k. Recognition of interest income or expense

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

l. Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

m. Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

n. Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

o. Earnings per share

i. Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit / (loss) attributable to owners of the company

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

p. Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

q. Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA), as part of India's continued convergence with IFRS, has initiated the process for introduction of Ind AS 118 – Presentation and Disclosure in Financial Statements, which is converged with IFRS 18 issued by the IASB in April 2024. Ind AS 118 is intended to replace Ind AS 1 (Presentation of Financial Statements) and focuses on improving how entities present and communicate financial performance, particularly in the Statement of Profit and Loss.

This standard is proposed to be applicable for annual reporting periods beginning on or after 1 April 2027, subject to final notification by the MCA through amendment to the Companies (Indian Accounting Standards) Rules.

B. Measurement of fair values

The fair value of investment property has been determined is based on the valuation by a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017, by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

The methodology adopted for valuation is Composite Rate Method under Market Approach, and the fair value is arrived at is based on similar comparable transactions or asking rates by the sellers of similar properties in the market. The rates are then adjusted for the various attributes affecting the valuation like floor, size, view etc. The methodology falls in the Level 2 input hierarchy as specified in Ind AS 113, where the comparables were adjusted for various attributes.

The Company holds certain investment properties in its name and has recorded the same at cost in its financial statements in accordance with the transitional provision of IND AS 101. These investment properties are in the nature of residential flats taken on lease or freehold and commercial shops. The company has carried out fair valuation of Investment properties through an external valuer.

*During the earlier years, basis the business projections and assessment made by the management of the carrying value of the long term investment in Lifestyle & Media Holdings Limited (formerly known as NDTV Lifestyle Holdings Limited), a provision for other than temporary diminution in the investment to the extent of ₹ 1,575.11 million was recognized in Statement of Profit and Loss.

** On May 25, 2023, Astro Awani Network Sdn. Bhd. (Awani) informed the Company of a revision in its shareholding pattern. As a result of the issuance of shares to Astro Entertainment Sdn. Bhd. for the partial redemption of preference shares, the equity shareholding of the Company and its subsidiary, NDTV Networks Limited, in Awani has been diluted by 2.31% each. Post-dilution, the combined equity share capital of the Company and NDTV Networks Limited in Awani stands at 15.38%. The Company has disputed this transaction in its communication to Awani. However conservatively, the Company has reclassified this investment in Awani as other equity instruments, which will be measured at fair value through profit and loss (FVTPL). The reclassification of the investment is being carried out without prejudice to the Company's rights to seek restoration of its original 20% shareholding in Awani.

The financial assets carried at fair value by the Company are mainly investments in publicly traded equity shares. Accordingly, any material volatility is not expected. The fair value of these assets is marked to an active market.

Financial assets carried at amortised cost is in the form of cash and cash equivalents, bank deposits and earmarked balances with banks. The cash and cash equivalents are held with bank and financial institution counterparties., which are rated AA- to AAA, based on renowned rating agencies.

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There has been no transfers between Level 1, Level 2 and Level 3 for the years ended 31 March 2026 and 31 March 2025.

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of investment in quoted investment in equity shares is based on the current bid price of respective investment as at the Balance Sheet date.

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk ;
- Market Risk - Foreign currency
- Market Risk - Interest rate

(i) Risk management framework

The Company's key management has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company to set appropriate risks limits and controls and to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which employees understand their roles and obligations.

(ii) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Investments	37.80	38.37
Trade receivables	1,333.61	1,213.93
Cash and cash equivalents	79.61	48.59
Bank balances other than cash and cash equivalents mentioned above	0.44	4.89
Security deposits	74.99	73.35
Other financial assets	198.33	144.05
	1,724.78	1,523.18

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks.

Credit risk on cash and cash equivalents and bank deposits is limited as the Company generally deals with banks with high credit ratings assigned by domestic credit rating agencies. Investments primarily include investment in subsidiaries, joint venture and associates. The loans primarily represents interest free security deposits refundable on the completion of the term as per the contract. The credit risk associated with such deposits is relatively low.

The Company based upon past trends determine an impairment allowance for loss on receivables.

Trade receivables as at year end includes ₹ 360.63 million (31 March 2025: ₹ 347.82 million) as amount recoverable from related parties and ₹ 978.72 million (31 March 2025: 866.11 million) recoverable from others.

The Company believes that amount receivable from related parties is collectible in full, based on historical payment behaviour and hence no loss allowance has been recognized on the same. The Company based upon past trends determine an impairment allowance for loss on receivables from others.

The movement in the allowance for impairment in respect of trade receivables (including barter receivables) is as follows:

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Balance as at beginning of the year	190.65	172.38
Loss allowance created	59.32	23.55
Less :adjusted against provision	-	-
Amounts written back during the year	-	(5.28)
Balance as at the end of the year	249.97	190.65

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to manage liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company aims to maintain the level of its cash and cash equivalents and other highly marketable equity investments at an amount in excess of expected cash outflows on financial liabilities (other than trade payables) over the next six months. The Company also monitors the level of expected cash inflows on trade receivables and loans together with expected cash outflows on trade payables and other financial liabilities.

(iv) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(a) Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's borrowings with floating interest rates.

Exposure to interest rate risk

The Company's interest rate risk arises majorly from borrowings carrying floating rate of interest. These borrowings exposes the Company to cash flow interest rate risk. The exposure of the Company's borrowing to interest rate changes as reported to the management at the end of the reporting period are as follows:

Variable rate instruments	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Loan from banks, financial institution and related parties	1,107.76	773.99
Working capital loan from bank	-	150.00
Total	1,107.76	923.99

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Interest rate sensitivity analysis

A reasonably possible change of 0.50 % in interest rates at the reporting date would have affected the profit or loss by the amounts shown below.

Particulars	Statement of Profit and Loss	
	Increase by 0.50%	Decrease by 0.50%
Increase/ (decrease) in interest on borrowings		
For the year ended 31 March 2026	(5.54)	5.54
For the year ended 31 March 2025	(4.62)	4.62

The analysis is prepared assuming the amount of the borrowings outstanding at the end of the year was outstanding for the whole year.

(b) Currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency (₹) and other currencies (GBP and USD) from the Company's operating, investing and financing activities.

Unhedged exposure to foreign currency risk

The Company's exposure in respect of foreign currency denominated financial liabilities not hedged by derivative instruments or others as follows-

Currency	As at 31 March 2026			As at 31 March 2025 (Restated (Refer Note 42))		
	Amount in foreign currency	Exchange rate	Amount in ₹	Amount in foreign currency	Exchange rate	Amount in ₹
GBP	0.05	124.69	6.22	0.08	110.64	8.76
USD	0.28	94.31	26.48	0.52	85.53	44.78

The Company's exposure in respect of foreign currency denominated financial assets not hedged by derivative instruments or others as follows-

Currency	As at 31 March 2026			As at 31 March 2025 (Restated (Refer Note 42))		
	Amount in foreign currency	Exchange rate	Amount in ₹	Amount in foreign currency	Exchange rate	Amount in ₹
GBP	0.13	124.69	16.43	0.11	110.64	11.64
USD	0.71	94.31	66.94	0.61	85.53	52.29

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against below currencies at 31 March 2026 and 31 March 2025 would have affected the measurement of financial instruments denominated in foreign currency and affected Statement of Profit and Loss by the amounts shown below. This analysis is performed on foreign currency denominated monetary financial assets and financial liabilities outstanding as at the year end. This analysis assumes that all other variables, in particular interest rates, remain constant.

Notes to the Standalone Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

The net liability disclosed above relates to unfunded plans are as follows:

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Present value of funded obligations	164.98	128.84
Fair value of plan assets	2.23	1.54
Deficit of gratuity plan	162.75	127.30
Unfunded plans	-	5.91
Deficit of gratuity plan	162.75	133.21

The Company has a defined benefit gratuity plan in India, governed by the Payment of Gratuity Act, 1972. Plan entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned.

(b) Assumptions:

1. Economic assumptions

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Discount rate	7.05%	6.75%
Salary growth rate	5%	5%

The discount rate is based on the prevailing market yields of government bonds as at the balance sheet date for the estimated term of the obligations.

The salary escalation rate is based on estimates of salary increases, which takes into account inflation, promotion and other relevant factors.

2. Demographic assumptions:

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Withdrawal rate, based on age		
Upto 30 years	7.50%	7.50%
31- 44 years	5.00%	5.00%
Above 44 years	2.50%	2.50%
Mortality rate (% of IALM 12-14)	100%	100%
Retirement age (years)	58	58

Notes to the Standalone Financial Statements

(All amounts in ₹ millions, unless otherwise stated)

(c) Plan assets comprise the following:

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Funds managed by the insurer	100%	100%

(d) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	Impact on defined benefit obligation					
	Change in assumption		Increase in assumption		Decrease in assumption	
	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
Discount rate	1.00%	1.00%	(11.07)	(9.14)	12.43	10.24
Salary growth rate	1.00%	1.00%	9.52	8.31	(8.91)	(7.74)
Attrition rate	50.00%	50.00%	1.64	1.17	(2.11)	(1.43)
Mortality rate	10.00%	10.00%	0.09	0.06	(0.09)	(0.06)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

(e) The actuarial liability for compensated absences as at the year ended 31 March 2026 is ₹ 47.26 million (31st March 2025 ₹ 20.89 million).

(f) Expected Contribution during the next annual reporting period

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
The Company's best estimate of Contribution during the next year	188.66	138.00

(g) Maturity Profile of Obligations

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 6 years (31st March 2025: 7 years). The expected maturity analysis of gratuity benefits is as follows :

Particulars	As at 31 March 2026	As at 31 March 2025 (Restated (Refer Note 42))
1 year	21.47	14.26
2 to 5 years	68.05	47.19

Note 34: Contingent liabilities and commitments

1. Contingent liabilities

- (1) The Company had filed a suit for recovery of ₹ 66.86 million being the principal debt together with interest thereon against Doordarshan (DD) in the High Court of Delhi in February 1998 for various programmes produced and aired between 1994 and 1996. In its rejoinder, DD has admitted debts of ₹ 35.61 million only but has disputed the balance claim of ₹ 31.2 million and interest claimed. On the contrary, DD has claimed ₹ 82.56 million - ₹ 55.49 million towards telecast fee etc. against various programmes and ₹ 27.07 million as interest thereon, which has not been accepted by the Company.

The amount represents the best possible estimate arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the outcome of the legal process and therefore cannot be predicted accurately. The Company has engaged reputed professional advisors to protect its interest and has been advised that it has strong legal positions against such disputes.

- (2) Bank guarantees issued for ₹ 60.10 million (31 March 2025: ₹ 80.10 million). These have been issued in the ordinary course of business and no liabilities are expected.
- (3) The Company has received legal notices of claims / lawsuits filed against it relating to infringement of copyrights, trademarks and defamation suits in relation to the programmes produced by it. In the opinion of the management supported by legal advice, no material liability is likely to arise on account of such claims/ law suits. The Company has been advised that there is no merit in the case/demand.
- (4) In February 2014, the Company received an income tax demand of ₹ 4,500 million pursuant to an assessment order issued by the income tax department for AY 2009-10. Upon filing a writ petition before Hon'ble Delhi High Court, the demand was kept in abeyance. Earlier the Income Tax Appellate Tribunal (ITAT) had granted a stay of demand on deposit of ₹ 50 million which has been disclosed as recoverable.

In July 2017, the ITAT passed an order for AY 2009-10 dismissing the Company's appeal. While admitting additional evidence filed by the Revenue, the ITAT upheld the addition under Section 69A amounting to ₹ 6,425.42 million, though on different grounds. Certain matters were remanded back to the Assessing Officer (AO)/Transfer Pricing Officer (TPO) for fresh adjudication.

Pursuant to this, the AO issued a partial appeal effect order, raising a demand of ₹ 4,289.33 million. The Company filed a writ petition before the Delhi High Court, which stayed the demand pending disposal. The matter is scheduled for hearing on 9 July 2026. Further, the Company also filed two appeals before the Delhi High Court challenging the ITAT order, which had been posted in regular hearing which will come for hearing in due course.

In December 2019, the Company received a draft appeal effect order passed under Sections 254/144C of the Income-tax Act, 1961, in pursuance of the ITAT order. The AO recomputed taxable income at ₹ 5,788.36 million. As this was a draft order, no fresh demand was raised. The Company filed objections before the Dispute Resolution Panel (DRP) in January 2020.

On 29 January 2021, the Company received directions issued by the DRP under Section 144C(5) of the Income-tax Act, 1961. The Company challenged the DRP directions before the Hon'ble Delhi High Court, which granted interim relief, permitting the AO to pass the assessment order but directing that no effect be given to it until further orders. Subsequently, on 31 March 2021, the Company received the final assessment order dated 30 March 2021, assessing income at ₹ 5,788.36 million against a returned loss of ₹ 648.39 million, and raising a demand of ₹ 4,953.65 million (net of adjustment of ₹ 432.76 million). The Delhi High Court vide its order dated 20 May 2024 allowed the Company's writ petition, quashed the DRP order dated 29 January 2021, and held that the Assessing Officer is legally barred from passing any further final assessment orders for AY 2009-10. The Court further

Notes to the Standalone Financial Statements

- directed that the Company shall be entitled to all consequential reliefs. Based on legal advice, it was more likely than not that the matter would be decided in favour of the Company.
- (5) In January 2018, the Company has received a demand amounting to ₹ 4,368.00 million being penalty on income tax demand imposed at the rate of 200% by the income tax department on the addition confirmed by the ITAT under Section 69A of the Income tax Act, 1961. The Company has filed an appeal against the said order before CIT (A) and also filed a stay application before the assessing officer. CIT in its order directed the Company to pay a sum of ₹ 1,080.40 million in three instalments. The Company has filed a writ petition in Delhi High Court against the said order. The matter is posted for hearing on 9th July'26. Also, the Hon'ble High Court stayed the demand till the disposal of writ petition. More likely than not it would be decided in favour of the Company.
- (6) In March 2016, the Company received a demand for income tax of ₹ 472.67 million, based on a reassessment order for the assessment year 2007-08, which was further enhanced in September 2016 by ₹ 127.15 million on account of a mistake in the computation of tax on total income. The Company has filed an appeal against the order before CIT (Appeals). Further the demand to the extent of ₹ 411.05 million has been adjusted against the refunds due to the company and the remaining demand has been stayed by assessing officer till the disposal of appeal by CIT(A). More likely than not it would be decided in favour of the Company.
- (7) In March 2016, the Company received a demand of ₹ 93.74 million on account of penalty on income tax imposed by the Income Tax department for the assessment year 2008-09. The Company has filed an appeal against the order with CIT(Appeals). In view of the favourable order of Hon'ble ITAT dated 16 June 2020, the amounts on which penalty was levied stands deleted except the issue of Corporate guarantee, consequently the demand liable to be substantially reduced.

- (8) The assessment for Assessment Year ("AY") 2008-09 under Section 143(3) of the Income-tax Act, 1961 ("the Act") was completed on 3 August 2012. The Company preferred an appeal before the Commissioner of Income Tax (Appeals) ["CIT(A)"], who vide order dated 29 April 2014 granted partial relief. Aggrieved by the said order, both the Company and the Revenue filed cross-appeals before the Income Tax Appellate Tribunal ("ITAT"). The ITAT, vide its order dated 16 June 2020, granted substantial relief to the Company on various issues. However, the issue relating to addition/adjustment on account of an alleged corporate guarantee provided by the Company to enable its subsidiary, M/s NDTV Networks Plc, to raise funds was restored to the file of the Assessing Officer ("AO") for making a reference to the Transfer Pricing Officer ("TPO"), without adjudicating upon the Company's primary contention that no international transaction existed warranting such reference.
- The Company challenged the remand proceedings before the Hon'ble Delhi High Court. During the pendency of the matter, the AO/TPO proceeded with the re-adjudication. The Hon'ble High Court granted interim protection, permitting continuation of assessment proceedings but restraining the AO from passing the final assessment order until further directions.
- In January 2023, the TPO passed its order. Pursuant thereto, the AO passed a draft assessment order dated 29 March 2023 under Sections 143(3)/144C/254 of the Act. However, in view of the directions of the Hon'ble High Court, the final assessment order was not passed.
- Subsequently, the Hon'ble Delhi High Court, vide order dated 29 January 2025, set aside the ITAT order and held that the AO must first determine whether the undertaking given by the Company constitutes an international transaction under Section 92B of the Act, after providing an opportunity of being heard to the Company. The Court further held that a reference to the TPO could be made only upon such determination.

- Pursuant thereto, the AO, vide order dated 24 September 2025, disposed of the objections filed by the Company and referred the matter to the TPO. The TPO, vide order under Section 92CA dated 2 December 2025, proposed an adjustment of ₹ 62.71 million. Thereafter, the AO passed a draft assessment order dated 19 December 2025, which was received by the Company on 22 December 2025.
- On 29 January 2026, the Company received the final assessment order dated 27 January 2026 passed under Sections 143(3) read with 144C(3) of the Act, wherein an addition of ₹ 62.71 million was made on account of fee for providing the corporate guarantee. The Company has filed an appeal against the said order before the CIT(A).
- The Company also received a demand notice under Section 156 of the Act for ₹ 4,432.8 million. While computing the demand, the AO considered additions amounting to ₹ 4,050.9 million made in the reassessment proceedings under Section 69A vide order dated 31 March 2022 and failed to give effect to the ITAT order dated 16 June 2020, wherein all additions made in the original assessment were deleted except the transfer pricing adjustment of ₹ 36.25 million, which was set aside to the file of the AO.
- Accordingly, the Company filed a rectification-cum-stay application before the AO to give the effect of order of ITAT. The same was disposed of by the AO vide order dated 23 March 2026 passed under Sections 254/143(3) of the Act, received by the Company on 16 April 2026, whereby the demand was reduced to ₹ 4,203.6 million. The Company has got a complete stay of demand till the diposal of appeal by CIT(A) vide order dated 28 April 2026.
- Separately, reassessment proceedings for AY 2008-09 were initiated by the Income Tax Department under Sections 147/148 of the Act vide notice dated 31 March 2015. The Company challenged the validity of the said proceedings before the Hon'ble Delhi High Court by way of a writ petition, which was dismissed on 10 August 2017. The Company thereafter filed a Special Leave Petition before the Hon'ble

- Supreme Court of India, which, vide order dated 3 April 2020, ruled in favour of the Company and quashed the notice dated 31 March 2015 issued under Section 148 of the Act, and set aside the order of the Hon'ble Delhi High Court.
- Subsequently, the Tax Department initiated fresh reassessment proceedings for the same assessment year by issuing a notice dated 1 May 2020 under Section 148 of the Act. The Company challenged the said proceedings before the Hon'ble Delhi High Court. Vide order dated 14 March 2022, the Hon'ble High Court granted interim relief, permitting the AO to proceed with the assessment but directing that no effect shall be given to any assessment order passed, till the next date of hearing.
- Pursuant thereto, the AO passed an assessment order dated 31 March 2022 making an addition of ₹ 4,050.9 million and raising a demand of ₹ 3,533.6 million. Subsequently, the Hon'ble Delhi High Court, vide order dated 29 January 2025, dismissed the Company's writ petition. The Company filed a Special Leave Petition before the Hon'ble Supreme Court, which was not admitted, however, the Court granted liberty to the Company to pursue appropriate appellate remedies.
- Thereafter, on 13 March 2025, the Company received the reassessment order along with computation and demand notice. The Company has filed an appeal before the CIT(A), which is currently pending adjudication. On 1 May 2025, the Company received an order passed under section 154 read with section 147/143(3) of the Act wherein the demand was enhanced from ₹ 3533.6 million to ₹ 3580.7 million. The demand has been stayed by Commissioner of Income Tax till the disposal of the appeal.
- (9) The Directorate of Enforcement ("ED") issued a show cause notice dated 17 October 2018 ("SCN") to the Company and other noticees alleging certain contraventions under the Foreign Exchange Management Act, 1999 ("FEMA"). These contraventions are procedural/technical and some are substantive in nature. The Company believes, based on advice of Company's legal counsel and various responses

Notes to the Standalone Financial Statements

(All amounts in ₹ millions, unless otherwise stated)

of the Company to the SCN that the said alleged substantive contraventions in the SCN are not legally tenable. Accordingly, the Company based on a legal opinion, has not made any provision against these alleged contraventions. However, based on the advice from the Company's legal counsel, the Company has provided an estimated amount of liability amounting to ₹ 40 million for alleged technical/procedural contraventions which has been disclosed as an exceptional item in the earlier year. The Company is in the process of filing a compounding application with the Reserve Bank of India (RBI) in respect of alleged technical/procedural contraventions. In respect of the contraventions which are substantive in nature, it is unlikely that any penalty may be imposed on the Company.

- (10) The Directorate of Enforcement ("ED") issued a show cause notice dated 13 November 2015 ("SCN") to the Company and other noticees alleging contraventions under the Foreign Exchange Management Act, 1999 ("FEMA").

While the Company maintains that no contraventions occurred, it had, in the interest of stakeholders, filed compounding applications with the Reserve Bank of India ("RBI") and recognised an estimated liability of ₹ 74 million in earlier years. One such application was returned by RBI in January 2025, noting that the underlying transaction did not constitute a contravention under FEMA, while other applications remain pending.

Pursuant to the Hon'ble Bombay High Court's judgment dated 26 June 2018 directing RBI to consider the applications, and following dismissal of the ED's Special Leave Petition by the Hon'ble Supreme Court on 12 August 2024, the Company has re-filed its compounding applications with RBI on 15 December 2025.

The Company has also submitted its detailed replies on merits on 8 September 2025. The compounding applications are pending consideration before RBI.

- (11) In June 2019, the Company received an order under Section 271AA of the Income Tax Act for A.Y.2015-16, wherein the Income

Tax department has imposed a penalty of ₹ 6.32 million for failure to keep and maintain information and documents in respect of certain specified domestic transactions as required by sub-section (1) or subsection (2)) of Section 92D. The Company has filed an appeal in July 2019 before CIT(A) against the said order which is pending for disposal. The demand raised has been adjusted with the refunds due to the Company. More likely it will be decided in favour of the Company.

- (12) The Company has received a Notice of Demand ("Notice") dated 22 November 2019, issued by SEBI whereby, the Company has been directed to pay a sum of ₹ 30.7 million along with further interest, all costs, charges and expenses, within 15 (fifteen) days of the receipt of the notice, failing which the recovery shall be made in accordance with the provisions of applicable laws. The said notice of demand has been issued by SEBI for recovery of penalty of ₹ 20 million for alleged non disclosure of ₹ 4,500 million of tax demand raised by Income Tax Department on 21 February 2014. The Company has been advised that in view of the Judgment dated 4 September 2019 passed by the Bombay High Court, the adjudication in respect of said penalty of ₹ 20 million has been invalidated and consequently the said Notice is untenable in law. SEBI has filed a Special Leave Petition before the Supreme Court challenging the Judgment dated 4 September 2019 passed by the Bombay High Court. The next date of hearing yet to be notified. The Company has been advised that there is no merit in the case/demand.

- (13) In September 2018, the Company received a demand amounting to ₹ 0.39 million being penalty imposed by the Income Tax department under section 27(1)(c) of the Income Tax Act for A.Y.2007-08. Against the said order, in October 2018, the Company filed an appeal before CIT(A) which is pending for disposal. The demand raised has been adjusted with the refunds due to the Company. More likely it will be decided in favour of the Company.

- (14) On 3 July 2018, the Company received an order under Section 271G of the Income Tax Act dated 25 June 2018 for A.Y.2014-15, wherein the

Income Tax department has imposed a penalty of ₹ 6.99 million by alleging that the Company failed to furnish information/document as required by sub section 3 of Section 92D, in respect of Specified Domestic Transactions entered by the Company. Against the said order, in July 2018, the Company filed an appeal before CIT(A) which was decided in favour of the company. Against the said order, the department has filed an appeal before Income Tax Appellant Tribunal- Delhi, which is pending for disposal. The appeal is listed for hearing on 7 May 2026. More likely it will be decided in favour of the Company.

- (15) On 3 July 2018, the Company received an order under Section 271BA of the Income Tax Act dated 25 June 2018 for A.Y.2014-15, wherein the Income Tax department has imposed a penalty of ₹ 0.10 million by alleging that the Company failed to furnish a report from an accountant as required by Section 92E in respect of the specified domestic transactions entered by the Company. Against the said order, in July 2018, the Company filed an appeal before CIT(A) which was dismissed. Aggrieved with the said order the company has filed an appeal before Income Tax Appellant Tribunal- Delhi, which is pending for disposal. The appeal is listed for hearing on 13 May 2026. More likely it will be decided in favour of the Company.

Subsidiaries / Merged Entities (w.e.f. 1 October 2025)

NDTV Networks Limited

- (a) In March 2016, NDTV Networks Limited (merged with the company w.e.f. 01.10.2025) had received a demand for income tax amounting to ₹ 1.15 Mn based on an assessment order for Assessment Year 2011-12 issued by Income Tax department. Against the said order, the Company filed an appeal before CIT(A), which is pending for disposal. Further the amount of ₹ 1.54 million has been adjusted from the refunds of the subsequent years due to the Company.

Note 36: Leases

The Company's lease asset classes primarily consist of leases for office premises.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The cost of the right-of-use asset measured at inception comprises of the amount of initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the prevailing borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

Lease arrangements entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

Independent Auditor’s Report

To the Members of New Delhi Television Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **New Delhi Television Limited** (“the Holding Company”) and its subsidiary (Holding Company and its subsidiary together referred to as “the Group”), its associate and joint ventures, which comprise the Consolidated Balance Sheet as at 31 March 2026, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (“the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, and based on the separate financial statements and other financial information of the joint ventures referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act (Ind AS) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and joint ventures as at 31 March 2026, of consolidated loss, consolidated total comprehensive loss, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate and its joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“the ICAI”) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
1.	Litigation with Enforcement Directorate See note 35 to the consolidated financial statements. During the year ended 31 March 2016, the Holding Company and its certain executive directors had received a show cause notice from Directorate of Enforcement (‘ED’) on account of certain contraventions under the Foreign Exchange Management Act, 1999 (‘FEMA’) and regulations made thereunder in respect of investments in Indian subsidiaries made by overseas subsidiaries of the Holding Company. Based on the legal advice obtained from an external firm of lawyers, the Holding Company had filed a compounding application with the Reserve Bank of India (‘RBI’) in respect of alleged contraventions and further filed writ petition before the Bombay High Court since RBI refused to consider the Holding Company’s compounding application. Provision for ₹ 74 million was recognised on account of compounding fee during the year ended 31 March 2017. During the year ended 31 March 2019, the Holding Company and its certain executive directors had received another show cause notice from Directorate of Enforcement (‘ED’) on additional matters in respect of the above investments in Indian subsidiaries made by overseas subsidiaries of the Holding Company. Based on the legal advice obtained from an external firm of lawyers, the Holding Company will be filing a compounding application with the RBI in respect of additional alleged contraventions based on the outcome of primary matter and a provision for ₹ 40 million was recognised on account of estimated compounding fee during the previous years. We have identified the above as key audit matter because of the significance of the amounts, significant judgment and estimation involved in assessing the outcome of the matter and the related amount of outflow required for settlement as at 31 March 2026.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: - Obtained and inspected the board minutes, correspondence with regulators and confirmations from the Company’s legal counsel and enquired with the Holding Company’s legal team to understand the status and potential updates on these matters. - Involved our specialists to assess the possible outcome of the matters and challenged the assumptions used in estimation of the provision for compounding fee based on their knowledge and experience of the application of local legislation by the relevant authorities and courts. - Assessed the adequacy of the provision recognised for these litigations. - Assessed the adequacy of the disclosures for provision recognised and contingent liability in the consolidated financial statements as per the relevant accounting standards in particular the disclosure of the estimation of uncertainty.
2.	Assessment of the provision arising from ongoing tax litigations See note 35 to the consolidated financial statements. The Group is subject to a number of on-going litigations with direct tax authorities involving significant amounts. These direct tax litigations are at various stages, ranging from preliminary discussions with tax authorities through to tax tribunal or court proceedings and resolution of these matters can take extended time. There is inherent uncertainty and significant judgment involved in assessing the outcome and consequentially whether or not any provision and / or disclosures are required for these tax matters. In view of the above we have identified ongoing tax litigations as a key audit matter.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: - Understand judgments and estimates made by the Group with respect to direct tax litigation. - Involved our tax specialists to evaluate the Group’s assessment of the possible outcome of the matters, analyse and challenge the assumptions used in estimation of tax provisions based on their knowledge and experiences of the application of local legislation by the relevant authorities and courts. - Assessed the adequacy of provision for ongoing direct tax litigations where required. - Assessed the adequacy of the Group’s disclosures in respect of ongoing direct tax litigations as per the relevant accounting standards.

The respective Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associate and joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which

have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the entities included in the Group and of its associate and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group and of its associate and joint ventures are also responsible for overseeing the financial reporting process of the respective entities.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company, its subsidiary, associate and joint ventures incorporated in India have adequate internal financial controls with reference to the consolidated financial

statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and its associate and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) The consolidated financial statements includes financial information of three joint ventures, whose financial statements/financial information/financial results are unaudited and have been furnished to us by the management. The Group's investments in these joint ventures had been fully impaired in earlier years due to continued losses incurred by the joint ventures, and accordingly, no further share of loss has been recognized in the current year. Our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these joint ventures, is based solely on such unaudited financial statements/financial results/financial information. In our opinion and according to the information and explanations given to us by the management, these financial statements/financial results/financial information are not material to the Group.

Our opinion on the consolidated financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the financial statements and other financial information certified by the Management.

- b) In respect of two joint ventures of the Holding Company as stated in Note 2a(v) of the consolidated financial statements, we have not received financial statements/financial results/financial information for the year ended 31 March 2026. As informed by the management, the Group's investments in these joint ventures had been fully impaired in earlier years due to continued losses incurred by these entities. Based on their past performance and the currently available information and explanations provided to us, there is no indication of any foreseeable financial impact on the consolidated financial statements of the Group. We also note that, as per information available on the Ministry of Corporate Affairs (MCA) portal, the status of these joint ventures is reported as inactive. Furthermore, management has represented that these joint ventures are not material to the consolidated financial statements.

Our opinion on the consolidated financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by paragraph 3(xxi) the Companies (Auditor's Report) Order, 2020 ("the Order/CARO"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on our audit reports, we report that, there are qualifications or adverse remarks in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the consolidated financial statements, the details of which are given below:

S. No.	Name	CIN	Holding Company/ subsidiary/ associate/ joint Venture	Clause number of the CARO report which is qualified or adverse
1	New Delhi Television Limited	L92111DL1988PLC033099	Holding Company	(xvii)
2	NDTV Convergence Limited	U64201DL2006PLC156531	Subsidiary	(xvii)
3	Red Pixels Ventures Limited	U74999DL2015PLC284755	Associate	(xvii)

2. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, other than those referred to in paragraph (b) of "Other Matters" above:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

(b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

(d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors of the Holding Company as on 01 April 2026 taken on record by the Board of Directors of the Holding Company, and the written representations received from the directors of subsidiary and associate incorporated in India, none of the directors of the Group companies and its associate incorporated in India is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164 (2) of the Act. However, we have not received the written

representations from the directors of the Joint Ventures, so we are unable to comment on that.

- (f) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary and its associate, incorporated in India and the operating effectiveness of such controls, refer to our separate report in **Annexure A**, which is based on the auditor's report of the holding company, subsidiary and associate incorporated in India and procedures performed by us

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 of the Act. Further, subsidiary and associate have not paid any remuneration to its directors during the year.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the other financial information of the joint ventures, as noted in the 'Other matter' paragraph:

i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and joint ventures - Refer Note 35 to the consolidated financial statements.

ii. The Group, its associate and joint ventures did not have any material foreseeable losses on long-term contracts including derivative contracts.

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary, associate and joint ventures incorporated in India.

iv. (a) The respective managements of the Holding Company and its subsidiary, associate and joint ventures which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any such subsidiary, associate and joint ventures to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary, associate and joint ventures ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The respective managements of the Holding Company and its subsidiary, associate and joint ventures which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds have been received by the Holding Company or any of such subsidiary, associate and joint ventures from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary, associate and joint ventures shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that have been considered reasonable

and appropriate in the circumstances performed by us which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.

- v. The Holding Company and its subsidiary, associate and joint ventures incorporated in India has not declared or paid any dividend during the year and has not proposed final dividend during the year.

vi. Based on our examination which included test checks, the Holding Company, subsidiary and its associate have used accounting software for maintaining their respective books of account for the financial year ended 31 March 2026, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Additionally, for the periods where the audit trail (edit log) facility was enabled and operated, audit trail has been preserved by the Holding Company and above referred subsidiary and associate as per the statutory requirements for record retention.

The financial statements of joint ventures that are not material to the consolidated financial statements of the Group, have not been audited under the provisions of the Act as of the date of this report. Therefore, we are unable to comment on the reporting requirement under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 in respect of these joint ventures.

Annexure A

to the Independent Auditor's Report on the Consolidated Financial Statements of New Delhi Television Limited for the year ended 31 March 2026

Independent Auditor's report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our Audit Report of even date)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2026, we have audited the internal financial controls with reference to consolidated financial statements of **New Delhi Television Limited** (hereinafter referred to as "Holding Company"), its one subsidiary and one associate, which are companies incorporated in India, as of that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary and its associate, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal financial control with reference to financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary and its associate as aforesaid, based on our audit. We conducted our

audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements,. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls of the Holding Company and its one subsidiary and one associate as aforesaid.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets

of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary company and associate company, which are companies incorporated in India, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March 2026, based on the internal financial control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of such internal control stated in the Guidance Note.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Reporting entity

New Delhi Television Limited (the Company/Holding Company) is a public limited company incorporated in India under the provisions of the Companies Act, 1956 having its registered office at W-17, 2nd Floor, Archana Complex, Greater Kailash – I, New Delhi-110048, Delhi, India. Its shares are listed on the National Stock Exchange of India Limited (NSE) and Bombay Stock Exchange Limited (BSE) in India.

The Group is in the business of television media and currently operates six channels (NDTV 24x7, NDTV India, NDTV Profit, NDTV MPCG, NDTV Rajasthan and NDTV Marathi). The subsidiaries of the Company include NDTV Convergence Limited (to exploit the synergies between television, internet and mobile and owns the website ndtv.com). The Group also has associates and joint venture engaged into different e-commerce businesses on various platforms such as www.Gadgets360.com and www.mojarto.com.

These consolidated financial statements comprise the Company and its subsidiaries (referred to collectively as the 'Group') and the Group's interest in associates and joint ventures.

Note 1 Basis of preparation

a. Statement of compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs Pursuant to section 133 of the Companies Act, 2013 ("Act") read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The consolidated financial statements were authorised for issue by the Company's Board of Directors on 29 April 2026

b. Functional and presentation currency

The financial statements are presented in Indian Rupees (₹), which is the functional and presentation currency of the Company. All amounts have been rounded-off to the nearest million upto two decimals, unless otherwise indicated.

c. Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

d. Use of estimates and judgements

In preparing these consolidated financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

i. Judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

ii. Assumptions and estimation uncertainties

The areas involving critical estimates are:

- Recognition and measurement of provisions and contingencies;
- Estimation of defined benefit obligation;
- Estimated useful life of tangible and intangible asset;
- Fair value of barter transaction;

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

- Impairment test of non-financial assets; and
- Impairment of trade receivables and other financial assets.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the group and that are believed to be reasonable under the circumstances.

e. Current versus non-current classifications

The Group presents assets and liabilities in the Balance Sheet based on the current/non current classification.

All assets and liabilities have been classified as current and non-current as per the Group normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Group has considered an operating cycle of 12 months. The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated. The Group considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

f. Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Chief Financial Officer, NDTV Group.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognise transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further the information about the assumptions made in measuring fair values is included in the respective notes:

- share-based payment arrangements;
- investment property; and
- financial instruments.

Note 2 Material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of financial statements. The accounting policies adopted are consistent with those of the previous financial year, except if mentioned otherwise.

a. Basis of consolidation

i. Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included on a line-by-line basis by adding together the book values of the like items of assets, liabilities, equity, income and expenses in the consolidated financial statements from the date on which control commences until the date on which control ceases.

ii. Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquirer's net identifiable assets at the date of acquisition.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

iii. Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in profit or loss.

iv. Equity accounted investees

The Group's interests in equity accounted investees comprise interests in associate and joint ventures.

An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies. A joint

venture is an arrangement in which the Group has joint control and has rights to the net assets of the arrangement.

Interests in associate and joint ventures are accounted for using the equity method. They are initially recognised at cost which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and OCI of equity-accounted investees until the date on which significant influence or joint control ceases.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

v. Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income arising from intra-group transactions, are eliminated.

The list of Companies / Firms included in consolidation, relationship with the Company and shareholding therein is as under. The reporting date for all the entities is 31 March 2026 except otherwise specified.

* During the previous years, Resolution Professional has been appointed for Indianroots Shopping Limited ("ISL") pursuant to the order passed by Hon'ble National Company Law Tribunal (NCLT).

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

In respect of two joint ventures of the company namely Indianroots Retail Private Limited, Indianroots Shopping Limited, we have not received financial statements of these entities for the year ended 31 March 2026 As investments made by NDTV group in these entities have been written off in the earlier years on account of losses incurred by these entities, hence, based on their past performance, there is no adjustment required to the consolidated financial statements of the company.

b. Financial instruments

Financial instrument is any contract that gives rise to a financial asset of the entity and a financial liability or equity instrument of another entity.

i. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- amortised cost;
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that

are solely payments of principal and interest on the principal amount outstanding.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

iii. Derecognition:

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

If the Group enters into transactions whereby it transfers assets recognised on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

c. Property, plant and equipment

i. Recognition and measurement:

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure:

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

iii. Capital Work in Progress

Expenditure related to and incurred during implementation of capital projects to get the assets ready for intended use is included under "Capital Work in Progress". The same is allocated to the respective items of property plant and equipment on completion of construction/ property plant and equipment. The cost of asset not ready for its intended use before the year end & capital inventory are disclosed under capital work in progress.

iv. Depreciation:

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognised in the statement of profit and loss. Freehold land is not depreciated.

The useful lives as estimated for tangible assets are in accordance with the useful lives as indicated in Schedule II of the Companies Act, 2013 except for the following classes of assets where different useful lives have been used:

Asset Class	Useful life (in years)
Buildings	40-60
Vehicles	5-8
Office equipment	3-5
Plant and machinery	3-10
Furniture and fixtures	3-10

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

e. Other intangible assets

Intangible assets including those acquired by the Group in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

i. Subsequent expenditure:

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on is recognised in profit or loss as incurred.

ii. Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset Class	Useful life (In years)
Computer Software	6
Website	6

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

f. Non current assets held for sale

The Company classifies non-current assets (or disposal group) and operations as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

Non- Current Assets are classified as held for sale only when both the conditions are satisfied –

- The sale is highly probable, and
- The asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such assets.

Non-current assets which are subject to depreciation are not depreciated or amortised once those classified as held for sale.

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and associated liabilities classified as held for sale are presented separately in the balance sheet.

g. Impairment

i. Impairment of financial instruments

The Group recognises loss allowances for expected credit losses on:

- financial assets measured at amortised cost

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Group measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group is exposed to credit risk.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Presentation of allowance for expected credit losses in the Balance Sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

h. Employee benefits

i. Short-term employee benefits:

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

iii. Defined benefit plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets. In respect of gratuity, the Group funds the benefits through annual contributions to the Life Insurance Corporation of India (LIC). Under this scheme, LIC assumes the obligation to settle the gratuity payment to the employees to the extent of the funding including accumulated interest.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method taking into consideration the various determination of the discount rate, future salary increases and mortality rate. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling').

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

iv. Termination benefits

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

v. Other Employee Benefits

Other employee benefits comprise of compensated absences/leaves. The actuarial valuation is done as per projected unit credit method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss effective from 1 April 2023.

i. Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. In case the time value of money exist in a contract, provisions if required are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability only if it is material. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

j. Revenue from contracts with customers

The Group earns revenue primarily from advertisement, events, subscription, programme production, sale of content and commission income from online booking of gadgets and its accessories under market place model.

The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Company also enters

into certain multiple element revenue arrangements for performance of multiple services including free/ bonus spots along with paid spots. In all cases, the total transaction price for a contract is allocated amongst the various performance obligations based on their relative stand-alone selling prices.

In case the performance obligation in a contract is performed over a period, then revenue is recognized "over the period of contract". In case the performance obligation in the contract has been performed at a time, revenue is recognized at a "point in time".

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those services.

- Advertisement revenue from broadcasting is recognised at a point of time when advertisements are displayed. The revenue with regards to the contracts where drop slots/ bonus slots offered to its customers is deferred.
- Revenue from events are recognised as the services are provided over a period of time.
- Subscription revenue from direct-to-home satellite operators and other distributors for the right to distribute the channels is recognised when the service has been provided as per the terms of the contract.
- Revenues from production arrangements are recognised when the contract period begins and the programming is available for telecast pursuant to the terms of the agreement. Typically the milestone is reached when the finished product has been delivered or made available to and accepted by the customer.
- Revenues from content - Revenue from content provided to Mobile VAS operators is recognized when services are rendered.
- Consultancy services - Revenue from consultancy services are recognised as the services are rendered over a period of time.
- Advertisement revenue through website- the Group recognises revenue when the advertising spots delivered on digital platforms as impressions. An "impression" is delivered when

(All amounts in ₹ millions, unless otherwise stated)

an advertisement appears in pages viewed by users. The Group recognizes revenue from the display of text based links to the websites of its advertisers ("search advertising") which are placed on the website. Search advertising revenue is recognized as "click through" occur. A "click-through" occurs when a user clicks on an advertiser's listing.

- Revenue from shared services are recognised in accordance with the terms of the contract as the services are rendered to the customers

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liabilities primarily relate to the consideration received from customers in advance for the Group's performance obligations which is classified as advance from customers and deferred revenue which is recognised when there is billings in excess of revenues.

Significant judgements

- The Group's contracts with customers could include promises to transfer multiple services to a customer. The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- The Group uses judgement to determine an appropriate standalone selling price for a performance obligation. The Group allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct service

promised in the contract. Where standalone selling price is not observable, the Group uses the expected cost plus margin approach or the residual approach to allocate the transaction price to each distinct performance obligation.

- The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

k. Barter transactions

The Group enter in arrangements for sale of advertisement space on various platforms in exchange of non cash consideration. Revenue from such services is recognised at a point in time on actual performance of the contract to the extent of performance completed by the Group against its part of contract and is measured at standalone selling price of the services of the Group or if the same cannot be measured reliably, then the fair value of the services rendered, as estimated by management. The total transaction price for a contract is allocated amongst the various performance obligations based on their relative stand-alone selling prices and are being recorded at transaction price/fair value.

l. Leases

The Group assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

dismantle and remove the underlying asset or to restore the site on which it is located, less any lease incentives received.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities include these options when it is reasonably certain that the option will be exercised.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if there is a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

Lease payments have been classified as financing activities in Statement of Cash Flow.

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months with no purchase option and assets with low value leases. The Group recognises the lease payments associated with these leases as an expense in statement of profit and loss over the lease term. The related cash flows are classified as operating activities.

m. Recognition of interest income or expense

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

n. Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

o. Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

p. Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

q. Earnings per share

i. Basic earnings per share

Basic earnings per /(loss) share is calculated by dividing:

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year,

adjusted for bonus elements in equity shares issued during the year.

r. Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

s. Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA), as part of India's continued convergence with IFRS, has initiated the process for introduction of Ind AS 118 – Presentation and Disclosure in Financial Statements, which is converged with IFRS 18 issued by the IASB in April 2024. Ind AS 118 is intended to replace Ind AS 1 (Presentation of Financial Statements) and focuses on improving how entities present and communicate financial performance, particularly in the Statement of Profit and Loss.

This standard is proposed to be applicable for annual reporting periods beginning on or after 1 April 2027, subject to final notification by the MCA through amendment to the Companies (Indian Accounting Standards) Rules.

B. Measurement of fair values

The fair value of investment property has been determined is based on the valuation by a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017, by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

The methodology adopted for valuation is Composite Rate Method under Market Approach, and the fair value is arrived at is based on similar comparable transactions or asking rates by the sellers of similar properties in the market. The rates are then adjusted for the various attributes affecting the valuation like floor, size, view etc. The methodology falls in the Level 2 input hierarchy as specified in Ind AS 113, where the comparables were adjusted for various attributes.

B. Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company in proportion of the number of equity shares held.

Information about major customers:

One customer represents 10% or more of the group's total revenue during the year ended 31 March 2026 and during previous year ended 31 March 2025.

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially) satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the group has applied the practical expedient in Ind AS 115. Accordingly, the group has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors. The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is ₹ 404.82 million (31 March 2025 ₹ 277.87 million) out of which 100% is expected to be recognised as revenue in the next year.

The financial assets carried at fair value by the Group are mainly investment in publicly traded equity shares. Accordingly, any material volatility is not expected. The fair value of these assets is marked to an active market.

Financial assets carried at amortised cost is in the form of cash and cash equivalents, bank deposits and earmarked balances with banks. The cash and cash equivalents are held with bank and financial institution counterparties., which are rated AA- to AAA, based on renowned rating agencies.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There has been no transfers between Level 1, Level 2 and Level 3 for the years ended 31 March 2026 and 31 March 2025.

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of investment in quoted investment in equity shares is based on the current bid price of respective investment as at the Balance Sheet date.

B. Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk ;
- Market Risk - Foreign currency
- Market Risk - Interest rate

(i) Risk management framework

The Group's key management has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group to set appropriate risks limits and controls and to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

(ii) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet

Particulars	As at 31 March 2026	As at 31 March 2025
Investments	37.80	38.37
Trade receivables	1,603.33	1,401.17
Cash and cash equivalents	148.81	97.85
Bank balances other than cash and cash equivalents mentioned above	0.44	4.89
Security deposits	76.48	74.83
Loans	-	-
Margin money deposits	6.60	26.10
Other financial assets	316.34	283.73
	2,189.80	1,926.94

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks.

Credit risk on cash and cash equivalents and bank deposits is limited as the Group generally deals with banks with high credit ratings assigned by domestic credit rating agencies. Investments primarily include investment in quoted equity share which are recorded at fair value. The loans primarily represents interest free security deposits refundable on the completion of the term as per the contract and loan given to a joint venture and holding company. The credit risk associated with such deposits is relatively low.

The Group based upon past trends determine an impairment allowance for loss on receivables.

The movement in the allowance for impairment in respect of trade receivables (including barter receivables) is as follows:

Particulars	As at 31 March 2026	As at 31 March 2025
Balance as at beginning of the year	216.96	200.99
Loss allowance created	-	2.84
Less :adjusted against provision	-	-
Amounts written back during the year	65.50	13.13
Balance as at the end of the year	282.46	216.96

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(iii) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to manage liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group aims to maintain the level of its cash and cash equivalents and other highly marketable equity investments at an amount in excess of expected cash outflows on financial liabilities (other than trade payables) over the next six months. The Group also monitors the level of expected cash inflows on trade receivables and loans together with expected cash outflows on trade payables and other financial liabilities.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The contractual cash flow amounts are gross and undiscounted.

As at 31 March 2026	Carrying amount	Less than one year	Between one and three years	More than three years	Contractual cash flow

	4,961.05	1,888.68	680.33	3,139.19	5,708.20

(iv) Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(a) Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's borrowings with floating interest rates.

Exposure to interest rate risk

The Group's interest rate risk arises majorly from borrowings carrying floating rate of interest. These borrowings exposes the Group to cash flow interest rate risk. The exposure of the Group's borrowing to interest rate changes as reported to the management at the end of the reporting period are as follows:

Variable rate instruments	As at 31 March 2026	As at 31 March 2025
Loan from banks, financial institution and related parties	1,107.76	773.99
Working capital loan from bank	-	150.00
Total	1,107.76	923.99

Interest rate sensitivity analysis

A reasonably possible change of 0.50 % in interest rates at the reporting date would have affected the profit or loss by the amounts shown below:

Particulars	Statement of Profit and Loss	
	Increase by 0.50%	Decrease by 0.50%
Increase/ (decrease) in interest on borrowings		
For the year ended 31March 2026	(5.54)	5.54
For the year ended 31 March 2025	(4.62)	4.62

The analysis is prepared assuming the amount of the borrowings outstanding at the end of the year was outstanding for the whole year.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

(b) Currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency (₹) and other currencies (GBP and USD) from the Group's operating, investing and financing activities.

Unhedged exposure to foreign currency risk

The Group's exposure in respect of foreign currency denominated financial liabilities not hedged as at 31 March 2026 by derivative instruments or others as follows-

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

The net liability disclosed above relates to unfunded plans are as follows:

Particulars	As at 31 March 2026	As at 31 March 2025
Present value of funded obligations	164.98	128.84
Fair value of plan assets	2.10	1.41
Deficit of funded plan	162.88	127.43
Unfunded plans	45.87	42.89
Deficit of gratuity plan	208.75	170.32

The Group has a defined benefit gratuity plan in India, governed by the Payment of Gratuity Act, 1972. Plan entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned.

(b) Assumptions:

1. Economic assumptions

Particulars	As at 31 March 2026	As at 31 March 2025
Discount rate	7.05%	6.75%
Salary growth rate	5%	5% to 20%

The discount rate is based on the prevailing market yields of government bonds as at the balance sheet date for the estimated term of the obligations.

The salary escalation rate is based on estimates of salary increases, which takes into account inflation, promotion and other relevant factors.

2. Demographic assumptions:

Particulars	As at 31 March 2026	As at 31 March 2025
Withdrawal rate, based on age		
Upto 30 years	0% to 7.5%	0% to 7.5%
31- 44 years	2% to 5%	2% to 5%
Above 44 years	1% to 2.5%	1% to 2.5%
Mortality rate (% of IALM 12-14)	100.00%	100.00%
Retirement age (years)	58	58

(c) Plan assets comprise the following:

Particulars	As at 31 March 2026	As at 31 March 2025
Funds managed by the insurer	100%	100%

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

(d) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	Impact on defined benefit obligation					
	Change in assumption		Increase in assumption		Decrease in assumption

Note 35: Contingent liabilities and commitments

1. Contingent liabilities

(1) The Company had filed a suit for recovery of ₹ 66.86 million being the principal debt together with interest thereon against Doordarshan (DD) in the High Court of Delhi in February 1998 for various programmes produced and aired between 1994 and 1996. In its rejoinder, DD has admitted debts of ₹ 35.61 million only but has disputed the balance claim of ₹ 31.2 million and interest claimed. On the contrary, DD has claimed ₹ 82.56 million - ₹ 55.49 million towards telecast fee etc. against various programmes and ₹ 27.07 million as interest thereon, which has not been accepted by the Company.

The amount represents the best possible estimate arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the outcome of the legal process and therefore cannot be predicted accurately. The Company has engaged reputed professional advisors to protect its interest and has been advised that it has strong legal positions against such disputes.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

- (2) Bank guarantees issued for ₹ 60.10 million (31 March 2025: ₹ 80.10 million). These have been issued in the ordinary course of business and no liabilities are expected.
- (3) The Company has received legal notices of claims / lawsuits filed against it relating to infringement of copyrights, trademarks and defamation suits in relation to the programmes produced by it. In the opinion of the management supported by legal advice, no material liability is likely to arise on account of such claims/ law suits. The Company has been advised that there is no merit in the case/demand.
- (4) In February 2014, the Company received an income tax demand of ₹ 4,500 million pursuant to an assessment order issued by the income tax department for AY 2009-10. Upon filing a writ petition before Hon'ble Delhi High Court, the demand was kept in abeyance. Earlier the Income Tax Appellate Tribunal (ITAT) had granted a stay of demand on deposit of ₹ 50 million which has been disclosed as recoverable.

In July 2017, the ITAT passed an order for AY 2009-10 dismissing the Company's appeal. While admitting additional evidence filed by the Revenue, the ITAT upheld the addition under Section 69A amounting to ₹ 6,425.42 million, though on different grounds. Certain matters were remanded back to the Assessing Officer (AO)/Transfer Pricing Officer (TPO) for fresh adjudication.

Pursuant to this, the AO issued a partial appeal effect order, raising a demand of ₹ 4,289.33 million. The Company filed a writ petition before the Delhi High Court, which stayed the demand pending disposal. The matter is scheduled for hearing on 9 July 2026. Further, the Company also filed two appeals before the Delhi High Court challenging the ITAT order, which had been posted in regular hearing which will come for hearing in due course.

In December 2019, the Company received a draft appeal effect order passed under Sections 254/144C of the Income-tax Act, 1961, in pursuance of the ITAT order. The AO recomputed taxable income at ₹ 5,788.36 million. As this was a draft order, no

fresh demand was raised. The Company filed objections before the Dispute Resolution Panel (DRP) in January 2020.

On 29 January 2021, the Company received directions issued by the DRP under Section 144C(5) of the Income-tax Act, 1961. The Company challenged the DRP directions before the Hon'ble Delhi High Court, which granted interim relief, permitting the AO to pass the assessment order but directing that no effect be given to it until further orders. Subsequently, on 31 March 2021, the Company received the final assessment order dated 30 March 2021, assessing income at ₹ 5,788.36 million against a returned loss of ₹ 648.39 million, and raising a demand of ₹ 4,953.65 million (net of adjustment of ₹ 432.76 million).

The Delhi High Court vide its order dated 20 May 2024 allowed the Company's writ petition, quashed the DRP order dated 29 January 2021, and held that the Assessing Officer is legally barred from passing any further final assessment orders for AY 2009-10. The Court further directed that the Company shall be entitled to all consequential reliefs. Based on legal advice, it was more likely than not that the matter would be decided in favour of the Company.

- (5) In January 2018, the Company has received a demand amounting to ₹ 4,368.00 million being penalty on income tax demand imposed at the rate of 200% by the income tax department on the addition confirmed by the ITAT under Section 69A of the Income tax Act, 1961. The Company has filed an appeal against the said order before CIT (A) and also filed a stay application before the assessing officer. CIT in its order directed the Company to pay a sum of ₹ 1,080.40 million in three instalments. The Company has filed a writ petition in Delhi High Court against the said order. The matter is posted for hearing on 9th July'26. Also, the Hon'ble High Court stayed the demand till the disposal of writ petition. More likely than not it would be decided in favour of the Company.
- (6) In March 2016, the Company received a demand for income tax of ₹ 472.67 million, based on a reassessment order for the assessment year 2007-08, which was further enhanced

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

- in September 2016 by ₹ 127.15 million on account of a mistake in the computation of tax on total income. The Company has filed an appeal against the order before CIT (Appeals). Further the demand to the extent of ₹ 411.05 million has been adjusted against the refunds due to the company and the remaining demand has been stayed by assessing officer till the disposal of appeal by CIT(A). More likely than not it would be decided in favour of the Company.
- (7) In March 2016, the Company received a demand of ₹ 93.74 million on account of penalty on income tax imposed by the Income Tax department for the assessment year 2008-09. The Company has filed an appeal against the order with CIT(Appeals). In view of the favourable order of Hon'ble ITAT dated 16 June 2020, the amounts on which penalty was levied stands deleted except the issue of Corporate guarantee, consequently the demand liable to be substantially reduced.
- (8) The assessment for Assessment Year ("AY") 2008-09 under Section 143(3) of the Income-tax Act, 1961 ("the Act") was completed on 3 August 2012. The Company preferred an appeal before the Commissioner of Income Tax (Appeals) ["CIT(A)"], who vide order dated 29 April 2014 granted partial relief.

Aggrieved by the said order, both the Company and the Revenue filed cross-appeals before the Income Tax Appellate Tribunal ("ITAT"). The ITAT, vide its order dated 16 June 2020, granted substantial relief to the Company on various issues. However, the issue relating to addition/adjustment on account of an alleged corporate guarantee provided by the Company to enable its subsidiary, M/s NDTV Networks Plc, to raise funds was restored to the file of the Assessing Officer ("AO") for making a reference to the Transfer Pricing Officer ("TPO"), without adjudicating upon the Company's primary contention that no international transaction existed warranting such reference.

The Company challenged the remand proceedings before the Hon'ble Delhi High Court. During the pendency of the matter, the AO/TPO proceeded with the re-adjudication. The Hon'ble High Court granted interim

protection, permitting continuation of assessment proceedings but restraining the AO from passing the final assessment order until further directions.

In January 2023, the TPO passed its order. Pursuant thereto, the AO passed a draft assessment order dated 29 March 2023 under Sections 143(3)/144C/254 of the Act. However, in view of the directions of the Hon'ble High Court, the final assessment order was not passed.

Subsequently, the Hon'ble Delhi High Court, vide order dated 29 January 2025, set aside the ITAT order and held that the AO must first determine whether the undertaking given by the Company constitutes an international transaction under Section 92B of the Act, after providing an opportunity of being heard to the Company. The Court further held that a reference to the TPO could be made only upon such determination.

Pursuant thereto, the AO, vide order dated 24 September 2025, disposed of the objections filed by the Company and referred the matter to the TPO. The TPO, vide order under Section 92CA dated 2 December 2025, proposed an adjustment of ₹ 62.71 million. Thereafter, the AO passed a draft assessment order dated 19 December 2025, which was received by the Company on 22 December 2025.

On 29 January 2026, the Company received the final assessment order dated 27 January 2026 passed under Sections 143(3) read with 144C(3) of the Act, wherein an addition of ₹ 62.71 million was made on account of fee for providing the corporate guarantee. The Company has filed an appeal against the said order before the CIT(A).

The Company also received a demand notice under Section 156 of the Act for ₹ 4,432.8 million. While computing the demand, the AO considered additions amounting to ₹ 4,050.9 million made in the reassessment proceedings under Section 69A vide order dated 31 March 2022 and failed to give effect to the ITAT order dated 16 June 2020, wherein all additions made in the original assessment were deleted except the transfer pricing adjustment of ₹ 36.25 million, which was set aside to the file of the AO.

Notes to the Consolidated Financial Statements

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

Accordingly, the Company filed a rectification-cum-stay application before the AO to give the effect of order of ITAT. The same was disposed of by the AO vide order dated 23 March 2026 passed under Sections 254/143(3) of the Act, received by the Company on 16 April 2026, whereby the demand was reduced to ₹ 4,203.6 million. The Company has got a complete stay of demand till the disposal of appeal by CIT(A) vide order dated 28 April 2026.

Separately, reassessment proceedings for AY 2008–09 were initiated by the Income Tax Department under Sections 147/148 of the Act vide notice dated 31 March 2015. The Company challenged the validity of the said proceedings before the Hon'ble Delhi High Court by way of a writ petition, which was dismissed on 10 August 2017. The Company thereafter filed a Special Leave Petition before the Hon'ble Supreme Court of India, which, vide order dated 3 April 2020, ruled in favour of the Company and quashed the notice dated 31 March 2015 issued under Section 148 of the Act, and set aside the order of the Hon'ble Delhi High Court.

Subsequently, the Tax Department initiated fresh reassessment proceedings for the same assessment year by issuing a notice dated 1 May 2020 under Section 148 of the Act. The Company challenged the said proceedings before the Hon'ble Delhi High Court. Vide order dated 14 March 2022, the Hon'ble High Court granted interim relief, permitting the AO to proceed with the assessment but directing that no effect shall be given to any assessment order passed, till the next date of hearing.

Pursuant thereto, the AO passed an assessment order dated 31 March 2022 making an addition of ₹ 4,050.9 million and raising a demand of ₹ 3,533.6 million. Subsequently, the Hon'ble Delhi High Court, vide order dated 29 January 2025, dismissed the Company's writ petition. The Company filed a Special Leave Petition before the Hon'ble Supreme Court, which was not admitted, however, the Court granted liberty to the Company to pursue appropriate appellate remedies.

Thereafter, on 13 March 2025, the Company received the reassessment order along with computation and demand notice. The Company has filed an appeal before the CIT(A), which is currently pending adjudication. On 1 May 2025, the Company received an order passed under section 154 read with section 147/143(3) of the Act wherein the demand was enhanced from ₹ 3533.6 million to ₹ 3580.7 million. The demand has been stayed by Commissioner of Income Tax till the disposal of the appeal.

- (9) The Directorate of Enforcement ("ED") issued a show cause notice dated 17 October 2018 ("SCN") to the Company and other noticees alleging certain contraventions under the Foreign Exchange Management Act, 1999 ("FEMA"). These contraventions are procedural/technical and some are substantive in nature. The Company believes, based on advice of Company's legal counsel and various responses of the Company to the SCN that the said alleged substantive contraventions in the SCN are not legally tenable. Accordingly, the Company based on a legal opinion, has not made any provision against these alleged contraventions. However, based on the advice from the Company's legal counsel, the Company has provided an estimated amount of liability amounting to ₹ 40 million for alleged technical/procedural contraventions which has been disclosed as an exceptional item in the earlier year. The Company is in the process of filing a compounding application with the Reserve Bank of India (RBI) in respect of alleged technical/procedural contraventions. In respect of the contraventions which are substantive in nature, it is unlikely that any penalty may be imposed on the Company.

- (10) The Directorate of Enforcement ("ED") issued a show cause notice dated 13 November 2015 ("SCN") to the Company and other noticees alleging contraventions under the Foreign Exchange Management Act, 1999 ("FEMA").

While the Company maintains that no contraventions occurred, it had, in the interest of stakeholders, filed compounding applications with the Reserve Bank of India ("RBI") and

for the year ended 31 March 2026

(All amounts in ₹ millions, unless otherwise stated)

recognised an estimated liability of ₹ 74 million in earlier years. One such application was returned by RBI in January 2025, noting that the underlying transaction did not constitute a contravention under FEMA, while other applications remain pending.

Pursuant to the Hon'ble Bombay High Court's judgment dated 26 June 2018 directing RBI to consider the applications, and following dismissal of the ED's Special Leave Petition by the Hon'ble Supreme Court on 12 August 2024, the Company has re-filed its compounding applications with RBI on 15 December 2025.

The Company has also submitted its detailed replies on merits on 8 September 2025. The compounding applications are pending consideration before RBI.

- (11) In June 2019, the Company received an order under Section 271AA of the Income Tax Act for A.Y.2015-16, wherein the Income Tax department has imposed a penalty of ₹ 6.32 million for failure to keep and maintain information and documents in respect of certain specified domestic transactions as required by sub-section (1) or subsection (2)) of Section 92D. The Company has filed an appeal in July 2019 before CIT(A) against the said order which is pending for disposal. The demand raised has been adjusted with the refunds due to the Company. More likely it will be decided in favour of the Company.
- (12) The Company has received a Notice of Demand ("Notice") dated 22 November 2019, issued by SEBI whereby, the Company has been directed to pay a sum of ₹ 30.7 million along with further interest, all costs, charges and expenses, within 15 (fifteen) days of the receipt of the notice, failing which the recovery shall be made in accordance with the provisions of applicable laws. The said notice of demand has been issued by SEBI for recovery of penalty of ₹ 20 million for alleged non disclosure of ₹ 4,500 million of tax demand raised by Income Tax Department on 21 February 2014. The Company has been advised that in view of the Judgment dated 4 September 2019 passed by the Bombay High Court, the adjudication in respect of said

penalty of ₹ 20 million has been invalidated and consequently the said Notice is untenable in law. SEBI has filed a Special Leave Petition before the Supreme Court challenging the Judgment dated 4 September 2019 passed by the Bombay High Court. The next date of hearing yet to be notified. The Company has been advised that there is no merit in the case/demand.

- (13) In September 2018, the Company received a demand amounting to ₹ 0.39 million being penalty imposed by the Income Tax department under section 27(1)(c) of the Income Tax Act for A.Y.2007-08. Against the said order, in October 2018, the Company filed an appeal before CIT(A) which is pending for disposal. The demand raised has been adjusted with the refunds due to the Company. More likely it will be decided in favour of the Company.
- (14) On 3 July 2018, the Company received an order under Section 271G of the Income Tax Act dated 25 June 2018 for A.Y.2014-15, wherein the Income Tax department has imposed a penalty of ₹ 6.99 million by alleging that the Company failed to furnish information/document as required by sub section 3 of Section 92D, in respect of Specified Domestic Transactions entered by the Company. Against the said order, in July 2018, the Company filed an appeal before CIT(A) which was decided in favour of the company. Against the said order, the department has filed an appeal before Income Tax Appellant Tribunal- Delhi, which is pending for disposal. The appeal is listed for hearing on 7 May 2026. More likely it will be decided in favour of the Company.
- (15) On 3 July 2018, the Company received an order under Section 271BA of the Income Tax Act dated 25 June 2018 for A.Y.2014-15, wherein the Income Tax department has imposed a penalty of ₹ 0.10 million by alleging that the Company failed to furnish a report from an accountant as required by Section 92E in respect of the specified domestic transactions entered by the Company. Against the said order, in July 2018, the Company filed an appeal before CIT(A) which was dismissed. Aggrieved with the said order the company has filed an appeal before

Income Tax Appellant Tribunal- Delhi, which is pending for disposal. The appeal is listed for hearing on 13 May 2026. More likely it will be decided in favour of the Company.

- (16) In July 2019, the subsidiary of the company NDTV Convergence Limited ("NCL") received an order passed under section 154/143(3) of the Act wherein a demand amounting to ₹ 33.43 million was shown as payable by the Income Tax department for A.Y.2013-14. Out of the total demand raised an amount of ₹ 20.76 million has been adjusted with the refunds due to NCL. NCL has filed an appeal against the said order before CIT(A) which is pending for disposal.
- (17) On 31 October 2017, the subsidiary of the company NDTV Convergence Limited ("NCL") received an order passed under section 143(3) of Income Tax Act'1961 for AY 2014-15 wherein a demand of ₹ 12.53 million was raised. The said demand has been adjusted with the refunds due to the NCL. NCL has filed an appeal against the said order before CIT(A) which is pending for disposal.
- (18) On 3 July 2018, the subsidiary of the company NDTV Convergence Limited ("NCL") received an order under Section 271BA of the Income Tax Act dated 25th June 2018 for A.Y.2014-15, wherein the Income Tax department has imposed a penalty of ₹ 0.10 million by alleging that the NCL failed to furnish a report from an accountant as required by Section 92E in respect of the specified domestic transactions entered by the NCL. Against the said order, on 27 July 2018, NCL had filed an appeal before CIT(A) which was dismissed. Aggrieved with the order of the CIT(A), NCL has filed an appeal before Income Tax Appellant Tribunal- Delhi which is pending for disposal.
- (19) During the financial year 2019-20, the associate of the Company Red Pixels Ventures Limited ("RPVL") has received a demand of income tax amounting to ₹ 120.9 millions based on an assessment order for Assessment Year 2016-17 issued by the Income Tax Department. RPVL has filed an appeal against the said order before CIT(Appeals) which is pending for disposal. RPVL also filed a stay of demand application before the Assessing Officer. Following the

stay application filed by the RPVL, the stay was granted upon payment of 20% of the demand as prescribed by CBDT. Out of the total outstanding demand, an amount of ₹ 31.31 Mn. has been deposited/adjusted with the refunds due RPVL. RPVL has engaged reputed professional advisors to protect its interest and has been advised that it has strong legal positions in relation to the tax disputes.

Note 36: Leases

The Group lease asset classes primarily consist of leases for office premises.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The cost of the right-of-use asset measured at inception comprises of the amount of initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the prevailing borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

Lease arrangements entered by the Group majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Group does not have any lease restrictions and commitment towards variable rent as per the contract.

12. **Process and manner for members opting for voting through electronic means:**

- i. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of the SEBI Listing Regulations (as amended), and pursuant to the MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL), as the authorised e-voting agency for facilitating voting through electronic means. The facility of casting votes by a member using remote e-voting as well as e-voting system on the date of the AGM will be provided by NSDL.
- ii. In conformity with the applicable regulatory requirements, Notice of the AGM along with Annual Report will be sent to those Members / Beneficial Owners whose names appear in the register of members/ list of beneficiaries received from the depositories as on May 22, 2026, and whose e-mail addresses are registered with the Company, their Depository Participants (DP) or Company's RTA.
- iii. Members whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the Cut-off date i.e. Friday, June 19, 2026 shall be entitled to avail the facility of remote e-voting as well as venue voting system on the date of the AGM. Any recipient of the Notice, who has no voting

rights as on the Cut-off date, shall treat this Notice as intimation only.

- iv. A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the AGM and prior to the Cut-off date i.e. Friday, June 19, 2026 shall be entitled to exercise his/her vote either electronically i.e. remote e-voting or venue voting system on the date of the AGM by following the procedure mentioned in this part.
- v. The remote e-voting will commence on Tuesday, June 23, 2026 at 9.30 a.m. and will end on Thursday, June 25, 2026 at 5.00 p.m. During this period, the members of the Company holding shares either in physical form or in demat form as on the Cut-off date i.e. Friday, June 19, 2026 may cast their vote electronically. The members will not be able to cast their vote electronically beyond the date and time mentioned above and the remote e-voting module shall be disabled for voting by NSDL thereafter.
- vi. Once the vote on a resolution is cast by the member, he/she shall not be allowed to change it subsequently or cast the vote again.
- vii. The voting rights of the members shall be in proportion to their share in the paid up equity share capital of the Company as on the Cut-off date i.e. Friday, June 19, 2026.
- viii. The Company has appointed M/s. Vishal Arora & Associates, Practicing Company Secretary (CP No: 5992), to act as the Scrutinizer for conducting the remote e-voting process as well as the venue voting system on the date of the AGM, in a fair and transparent manner.
- ix. In view of the 'Green Initiatives in Corporate Governance' introduced by MCA and in terms of the provisions of the Act, members who are holding shares of the Company in physical mode, are required to register their email addresses, so as to enable the Company to send all notices/ reports/ documents/ intimations and other correspondences, etc., through emails in the electronic mode instead of receiving physical copies of the same. Members holding shares in dematerialized form, who have not registered their email addresses with Depository Participant(s), are requested to register/update their email addresses with their Depository Participant(s).

13. **Process for those shareholders whose email ids are not registered:**

- a. **For Physical shareholders-** Member holding shares in physical mode and who have not registered / updated their e-mail address with the Company, are requested to register / update their e-mail address at the earliest by submitting Form ISR-1 (available on the Company's website at <https://www.ndtv.com/convergence/ndtv/corporatepage/images/FormISR-1.pdf> duly filled and signed along with requisite supporting documents to the Company at secretarial@ndtv.com or to the RTA at KFinTech at Selenium Building, Tower – B, Plot No.31 & 32, Financial District, Nanakramguda, Serilingampally, Rangareddi, Hyderabad-500032, Telangana.
- b. **For Demat shareholders** - Members holding shares in dematerialized form are requested to register / update their email addresses with the relevant Depository Participant.
